Turkeys In The Moonlight:

Turkeys in the Moonlight Gabe Escobar, 2014-10-28 Even though his grandfather has passed on his grandfather's spirit and stories still remain with him and are more alive than ever before The bond that a young adventurous boy and his hero his grandfather developed during his childhood is so strong that no one or nothing can break it apart Through his grandfather's stories learn how their bond evolves and strengthens to a higher level when the boy now a man gets the chance to relive one of his grandfather's stories when he and his grandfather hunt Turkeys in the Moonlight Come along and live their adventure together with them in this remarkable story *Moonlight Elk* Christie Green, 2024-09-13 Christie Green learned to hunt in order to complement the food she grew in her New Mexico garden As an act of practical agency this fulfilled her needs yet a restlessness stirred within She longed for a life defined by something deeper than weekly schedules work roles and cultural norms Could she travel beyond the supposed domain of women and venture into the world of animals into the wild where men were said to prevail Outside the grip of the human realm the moon beckons to Green to go beyond Here hunting in the wild the moon cycles through her rising and falling at dawn and dusk whispering messages from the dark side Rather than circle the hot insistence of a masculine sun Green begins to attune to the more elusive mysterious murmur of the moon Animals and dreams lunar partners choreograph Green through time and space She longs to dream toil live and love at the edges of the fertile ecotones where she can withdraw inward retreat like an animal into hiding and then come into full radiant view on her own terms Layer by layer hunt by hunt Green peels away societal skins that adhere to a prescribed grid a manufactured tick of time a picture of perfection Tracking and tracing moving in darkness watching smelling listening and following the animals Green sheds the burdens of her domestic self and witnesses the animals defying reason as they walk her into their world ambling her along straddling night and day waking and sleeping Through them definitions of gender dissolve and boundaries blur In the process Green eclipses western society's definitions of her as a woman mother lover and entrepreneur courageously birthing her own independence through a profound connection to the animals and the places they call home What she sought from these animals was food What she found was freedom *The Squirrel Hunters of Ohio; or, Glimpses of Pioneer Life* N. E. Jones, 2019-12-16 N E Jones's *The Squirrel Hunters of Ohio or Glimpses of Pioneer Life* presents a vivid tapestry of early 19th century American frontier life focusing on an often overlooked aspect of rural existence the pursuit of small game Through a mix of anecdotal storytelling and carefully crafted narrative Jones captures the bustling camaraderie among pioneer families and the trials they faced as they carved out their lives in Ohio's wilderness The literary style is characterized by rich descriptions and a conversational tone that invites readers into the world of the early settlers highlighting a period marked by both hardship and communal strength N E Jones a historian and local enthusiast draws on extensive research and personal accounts to illuminate the lives of early Ohioans His background in folklore and cultural history informs his insightful exploration of community bonds traditions and the significance of hunting as a means

of sustenance and social cohesion This work stems from his desire to preserve the voices and experiences of those who contributed to Ohio s development often omitted from mainstream historical narratives This book is a compelling read for anyone interested in the intricacies of pioneer life American history or local folklore Jones s engaging narrative encourages readers to reflect on the resilience of those who settled the American frontier making it a valuable addition to any historian s library or a delightful choice for general readers wishing to delve into the heritage of Ohio
