A Guide to New Testament Greek Erwin Penner,2002 The fundamental distinctive of this textbook is its spiral rather than linear methodology of teaching the Greek language The student is introduced to all the essential grammar quite rapidly in order to develop an overall understanding of the structure of the language The grammatical details which cannot be fully mastered in the initial overview are revisited in succeeding lessons to fill in gaps of understanding and to build memory Much time is devoted to reading and analyzing Greek text thus reinforcing grammatical learning with practical experience This stands in contrast to the linear method found in most Greek textbooks which takes a slower approach by spreading exposure to the grammar over the whole learning period but then suffers from a lack of sufficient practise in Greek text The structure of this textbook needs to be understood from the perspective of its teaching methodology In addition to the spiral methodology this textbook offers a number of useful paedagogical features Clear advice on the most important learning at every stage Immediate use of the Greek New Testament text Focus on transfer of learning rather than excessive memorization Explanation of English grammar at relevant points Special techniques and descriptions to aid learning Vocabulary learning based on word frequency Adaptability to various course structures This book offers a fresh methodology to teaching Greek born of much experience and success in the classroom It blends deductive and inductive instruction together efficiently to make learning Greek manageable and enjoyable *How to Study Your Bible* Kay Arthur,2001-03-01 A fresh dynamic study guide for the New American Standard Bible serves as a powerful tool for people of faith as they explore the Christian scriptures Original **Beginner's Grammar of the Greek New Testament** William H. LET GOD SPEAK: HIS WORD IS AUTHORITY David A Swincer, 2015-02-23 In the lands of the East when a host accepts a man to be his guest he thereby agrees at whatever the cost to defend his guest from all possible enemies during the time of his entertainment The host took a piece of roast mutton and handed it to the missionary saying as he did so Now do you know what I have done In answering his own question he went on to say By that act I have pledged you every drop of my blood that while you are in my territory no evil shall come to you For that space of time we are brothers The Psalmist felt utterly secure though he had enemies close by him when he knew that God was his host Thou preparest a table before me in the presence of mine enemies Wight 1953 78 This simple example helps to pinpoint the need for careful biblical exegesis If we want to LET GOD SPEAK through His Word then we must be able to understand the meaning of that word to the culture to which it was written But we need to briefly lay a foundation for that study about defining the actual Bible the Word of God

What is the actual content of the Bible Which books are to be included and why Is it inspired How are we to then interpret this composite book of 66 books How are we to then discover what this ancient writing has to say to us today in our time and culture The climax of these foundational issues is the careful exegesis of the bible with worked examples of several passages to demonstrate a methodology that can be applied to any verse or passage of the bible This is the basis for preaching teaching and personal application

Perspectives on the New Testament Charles H. Talbert,1985 In the Beginnings Steven E. Dill,2010-05-21 In the Beginnings is a defense of the biblical Gap Theory of Creation This theory once popular in the late 19th and early to mid 20th centuries has been rejected by many modern day creationists as being without biblical or scientific support This book takes an in depth look at both science and the Bible Its purpose is to show how the Gap Theory better fits the scientific and biblical facts More importantly its main purpose is to reach out to unbelievers who think the Bible teaches things contrary to science True scientific facts and true Biblical truths do not contradict The basic assumption of the author is that God is smart enough and powerful enough and sovereign enough to make His Works and His Words agree Because God reveals His invisible attributes in His handiwork the author uses both God s Word and His work to share the Gospel of Jesus Christ Dr Steven Dill once a staunch evolutionist began investigating creationism after becoming aware of some scientific facts that seemed incompatible with his own beliefs Taking the position that truth will stand the test he began challenging even his own ideas about the origin of the universe His conclusion was that true scientific facts and true Biblical truths do not contradict and in this book he presents a new look at an old theory that preserves the integrity of both science and the Bible He earned his Bachelor s Degree in Biology in 1979 and his Doctorate of Veterinary Medicine in 1985 at the University of Missouri Columbia He is currently a practicing veterinarian in Jeffersontown Kentucky where he lives with his wife Linda and two dogs Samwise Gamgee and Rosie Cotton His two sons Tom and James have grown into fine young Christian men who make their parents proud *Catalog of Copyright Entries. New Testament Verbs of Communication Paul L. Danove,2015-02-26 Paul L Danove builds on his previous work in the field of biblical linguistics to provide a refinement of the Case Frame Analysis method as applied to the Greek of the New Testament He shows how the method can be used in clarifying elements of Greek grammar interpretation and translation In particular Danove distinguishes the semantic implications of active middle and passive usages of verbs He establishes a rigorous basis for distinguishing semantic synonyms and near synonyms and for clarifying their implications for interpretation and translation A heuristic feature model for relating distinct usages of verbs and deriving their various connotations is determined and the conceptual and grammatical differences of verbs of oral and non oral communication are clarified
