Creative Construction Gary P. Pisano, 2019-01-15 This myth busting book shows large companies can construct a strategy system and culture of innovation that creates sustained growth Every company wants to grow and the most proven way is through innovation The conventional wisdom is that only disruptive nimble startups can innovate once a business gets bigger and more complex corporate arteriosclerosis sets in Gary Pisano s remarkable research conducted over three decades and his extraordinary on the ground experience with big companies and fast growing ones that have moved beyond the start up stage provides new thinking about how the scale of bigger companies can be leveraged for advantage in innovation He begins with the simply reality that bigger companies are well different Demanding that they be like Uber is no more realistic than commanding your dog to speak French Bigger companies are complex They need to sustain revenue streams from existing businesses and deal with Wall Street s demands These organizations require a different set of management practices and approaches a discipline focused on the strategies systems and culture for taking their companies to the next level Big can be beautiful but it requires creative construction by leaders to avoid the creative destruction that is all too often the fate of too many

United States Foreign Policy 1945-1968 Michael Wayne Santos, 2020-01-17 Between 1945 and 1968 the possibility of Mutual Assured Destruction led to a host of odd realities including the creation of an affable cartoon turtle named Bert who taught millions of school children that nuclear war was survivable if they simply learned how to duck and cover Meanwhile fear of Communism played out against the backdrop of potential Armageddon to provide justification for a variety of covert operations involving regime change political assassination and sometimes bizarre plot twists United States Foreign Policy 1945 1968 The Bomb Spies Stories and Lies takes a fresh look at this complex often

confusing and frequently farcical period in American and world history Intelligent Sustainable Systems Jennifer S. Raj, Yong Shi, Danilo Pelusi, Valentina Emilia Balas, 2022-08-22 This book features research papers presented at the 5th International Conference on Intelligent Sustainable Systems ICISS 2022 held at SCAD College of Engineering and Technology Tirunelveli Tamil Nadu India during February 17 18 2022 The book discusses latest research works that discusses the tools methodologies practices and applications of sustainable systems and computational intelligence methodologies The book is beneficial for readers from both academia and industry
