Preferential Trade Agreements A Law And Economics Analysis:

Preferential Trade Agreements Kyle Bagwell,2011 This volume assembles a stellar group of scholars and experts to examine preferential trade agreements PTAs a topic that has time and again attracted the interest of analysts It presents a discussion of the evolving economic analysis regarding PTAs and the various dysfunctions that continually place them among the priority items for re negotiation by the WTO The book explores recent empirical research that casts doubt on the old trade diversion school and debates why the WTO should deal with PTAs and if PTAs belong under the mandate of the WTO as we now know it

Preferential Trade Agreements Kyle W. Bagwell,Petros C. Mavroidis,2011-03-07 This volume assembles a stellar group of scholars and experts to examine preferential trade agreements PTAs a topic that has time and again attracted the interest of analysts It presents a discussion of the evolving economic analysis regarding PTAs and the various dysfunctions that continually place them among the priority items for re negotiation by the WTO The book explores recent empirical research that casts doubt on the old trade diversion school and debates why the WTO should deal with PTAs and if PTAs belong under the mandate of the WTO as we now know it

The Law and Economics of International Trade Agreements Alan O. Sykes,2023-05-09 From the pen of highly esteemed trade scholar Alan Sykes this book presents a rigorous introduction to the law and economics of modern international trade agreements With a bottom up approach that requires neither a background in international trade law nor significant economics training Sykes sets out to map and explain the complex dynamics of international trade agreements and institutions synthesising legal analysis and cutting edge economic research in order to present the reader with a sophisticated holistic view of the field

Handbook of Law and Economics A. Mitchell Polinsky,Steven Shavell,2007-11-07 Law can be viewed as a body of rules and legal sanctions that channel behavior in socially desirable directions for example by encouraging individuals to take proper precautions to prevent accidents or by discouraging competitors from colluding to raise prices The incentives created by the legal system are thus a natural subject of study by economists Moreover given the importance of law to the welfare of societies the economic analysis of law merits prominent treatment as a subdiscipline of economics Our hope is that this two volume Handbook will foster the study of the legal system by economists The two volumes form a comprehensive and accessible survey of the current state of the field Chapters prepared by leading specialists of the area Summarizes received results as well as new developments

Netherlands Yearbook of International Law 2017 Fabian Amtenbrink,Denise Prévost,Ramses A. Wessel,2018-06-21 This Volume of the Netherlands Yearbook of International Law explores emerging trends and key developments in international economic law It examines shifts in the levels of cooperation from multilateral to plurilateral regional or bilateral or vice versa and shifts in the forms of cooperation new types of actors and instruments These trends are analysed both from a conceptual and a practical perspective with contributions addressing drivers for change historical perspectives future developments and evolutions in specific policy fields While a focus on international economic law may

certainly not tell the whole story in relation to shifts in levels and forms of international cooperation it does allow for a more detailed analysis of some of the important trends we currently witness

The Netherlands Yearbook of International Law was first published in 1970 It offers a forum for the publication of scholarly articles in a varying thematic area of public international law

North-South Regional Trade Agreements as Legal Regimes Clair Gammage, 2017-05-26 This book offers a critical reflection of the North South regional trade agreements RTAs known as the Economic Partnership Agreements negotiated between the EU and the African Caribbean and Pacific countries Conceiving of regions as legal regimes Clair Gammage highlights the challenges facing developing countries when negotiating RTAs with developed countries and interrogates the assumption that these agreements will and can promote sustainable development through trade

The Regulation of International Trade, Volume 1 Petros C. Mavroidis, 2015-12-18 A detailed examination of the GATT regime for international trade discussing the negotiating record policy background economic rationale and case law The General Agreement on Tariffs and Trade GATT was created alongside other towering achievements of the post World War II era including the United Nations the World Bank and the International Monetary Fund GATT the first successful agreement to generate multilateral trade liberalization became the principal institution to administer international trade for the next six decades In this book Petros Mavroidis offers detailed examination of the GATT regime for international trade discussing the negotiating record policy background economic rationale and case law Mavroidis offers a substantive first chapter that provides a detailed historical background to GATT that stretches from the 1927 World Economic Conference through Bretton Woods and the Atlantic Charter Each of the following chapters examines the disciplines agreed to their negotiating record their economic rationale and subsequent practice Mavroidis focuses on cases that have influenced the prevailing understanding of the norm as well as on literature that has contributed to its interpretation and the final outcome In particular he examines quantitative restrictions and tariffs the most favored nation clause MFN the cornerstone of the GATT edifice preferential trade agreements and special treatment for products originating in developing countries domestic instruments and exceptions to the obligations assumed under GATT This book's companion volume examines World Trade Organization WTO agreements regulating trade in goods

Advanced Introduction to International Trade Law Michael J. Trebilcock, Joel Trachtman, 2020-01-31 Written by two leading scholars with 60 years of collective experience in the area this insightful updated second edition provides a clear and concise introduction to the fundamental components of international trade law presenting the basic structure and principles of this complex area of law alongside elucidation of specific GATT and WTO legal rules and institutions Key updates include references to the most recent cases decisions and treaty negotiation developments analysis of populist critiques of international trade law and analysis of new areas including digital trade and security exceptions

Energy Security, Trade and the EU Rafael Leal-Arcas, Costantino Grasso, Juan Alemany Ríos, 2016-10-28 Energy security is a burning issue in a world where 1.4 billion people still have no access to electricity This

book is about finding solutions for energy security through the international trading system Focusing mainly on the European Union as a case study this holistic and comprehensive analysis of the existing legal and geopolitical instruments strives to identify the shortcomings of the international and EU energy trade governance systems concluding with the notion of a European Energy Union and what the EU is politically prepared to accept as part of its unified energy security **Law of**

International Trade in the Region of the Caucasus, Central Asia and Russia Alexander Trunk, Azar Aliyev, Marina Trunk-Fedorova, 2022-12-12 Situated between Europe and the borders of China the Eurasian region is seldom studied from an overall legal perspective The book gives a first time structured overview of trade related aspects of international economic law comparative commercial law and dispute resolution in this region focused on the countries in the Southern Caucasus Central Asia as well as Russia It also addresses the Eurasian Economic Union Law of International Trade in the Region of the Caucasus Central Asia and Russia approaches international trade law with a combined public international law and comparative private law perspective taking into account the global and European context **Mega-Regional Trade**

Agreements Thilo Rensmann, 2017-07-20 This book provides an in depth analysis of Mega Regionals the new generation of trans regional free trade agreements FTAs currently under negotiation and their effect on the future of international economic law The main focus centres on the EU US Transatlantic Trade and Investment Partnership TTIP the Trans Pacific Partnership TPP and the EU Canada Comprehensive Economic and Trade Agreement CETA but the findings are also applicable to similar agreements under negotiation such as the Regional Comprehensive Economic Partnership RCEP The specific features of Mega Regional Trade Agreements raise a number of issues with respect to their potential effect on the current system of international trade and investment law These include the consequences of Mega Regionals for the most favoured nation MFN principle their relation to the multilateral system of the World Trade Organization WTO their democratic legitimacy and their interaction with existing bilateral investment treaties BITs The book is intended for academics and practitioners working in the field of international economic law Trade in Goods Petros C.

Mavroidis, 2012-07-19 This new edition of Trade in Goods is an authoritative work on international trade by one of the most influential scholars in the field It provides a comprehensive and detailed analysis of every WTO agreement dealing with trade in goods The focus of the book is on the reasoning behind the various WTO agreements and their provisions and the manner in which they have been understood in practice It introduces both the historic as well as the economic rationale for the emergence of the multilateral trading system before dealing with WTO practice in all areas involving trade in goods It contests the claim that the international trade agreements themselves represent incomplete contracts realized through interpretation by the WTO and other judicial bodies The book comprehensively analyses the WTO's case law and it argues that a more rigorous theoretical approach is needed to ensure a greater coherence in the interpretation of the core provisions regulating trade in goods This second edition readdresses and moves beyond the discussion of the GATT presented

in the first edition to assess in significant detail every trade in goods agreement at the WTO both multilateral as well as plurilateral The book is written to be accessible to those new to the field with an authoritative level of detail and analysis that makes it essential reading for lawyers and economists alike **The Oxford Handbook of International Trade Law** Daniel L. Bethlehem, Daniel Bethlehem, Donald McRae, Rodney Neufeld, Isabelle Van Damme, 2022 The Oxford Handbook of International Trade Law offers extensive analysis and critique on the principles of modern international trade law considering the systems of trade between nations in their economic and institutional contexts *Core Labour Standards and International Trade* Kofi Addo, 2014-11-24 This book examines the labour standards provisions in a number of Regional and Bilateral Trade Agreements and assesses the potential of using the relevant clauses in these trade agreements as a benchmark for a multilateral approach Based on the lessons learned from the Regional model the book proposes a Global Labour and Trade Framework Agreement GLTFA combined with a joint ILO WTO enforcement mechanism to resolve the contentious issue of the link between the CLS and international trade The history of the linkage between the Core Labour Standards CLS and international trade dates back roughly 150 years and has recently become one of the most vexing issues facing policy makers At the heart of the debate is the question whether or not trade sanctions should be imposed on countries that do not respect the CLS as embodied in multilateral conventions administered by the International Labour Organization ILO Concretely this would entail inserting a social clause in the World Trade Organization WTO rules and would trigger the imposition of sanctions on those countries that do not adhere to the CLS *Developing Countries and Preferential Services Trade* Charlotte Sieber-Gasser, 2016-07-21 WTO law sets the global minimum standards for trade regulation while allowing some regulatory flexibility for developing countries The exact scope of regulatory flexibility is often unclear and at times flexibility may be counterproductive to sustainable economic growth in developing countries Undisputedly developing countries would have some flexibility with respect to tailoring preferential services trade agreements to their individual economic needs and circumstances but empirical data from over 280 preferential services trade agreements worldwide shows that this flexibility is rarely used This volume clarifies the regulatory scope of flexibility for preferential services trade agreements between developing countries by linking the legal interpretation of WTO law with evidence from research in economics and political sciences The book suggests that the current regulatory framework leaves room for meaningful flexibility for developing countries and encourages policymakers and scholars to take these flexibilities into consideration in their design and study of trade policies Preferential Services Liberation Johanna Jacobsson, 2019-12-05 An in depth analysis of the legal criteria that the WTO sets for preferential trade agreements in the area of services Fragmentation of International Trade Law Reassessed Patrick Wasilczyk, 2023-11-16 This book provides innovative and empirically based insights into the ongoing debate on the fragmentation of international trade law It offers the reader a much needed doctrinal overview of the different approaches to the issue of fragmentation and reveals their inherent

methodological advantages and limitations On this basis the book then approaches the issue of fragmentation from an empirical standpoint by applying a novel dataset on Preferential Trade Agreements Dispute Settlement Mechanisms PTA DSMs which have been used to adjudicate general exception clauses within the context of the individual PTA Members obligation to liberalize trade in goods Although the results remain limited to the single issue of PTA DSM adjudication for liberalization of trade in goods they are indicative of key misconceptions regarding the fragmentation of ITL As the findings confirm the PTA DSMs assessed have ultimately come to equivalent decisions taking into consideration their overall use the nature of the legal commitments embedded in the respective PTAs and the economic wellbeing of the respective PTA partners The book reveals the influence of specific PTA DSMs on other PTA DSMs and thereby paves the way for legal unification rather than fragmentation

The World Trade Organization Mitsuo Matsushita, Thomas J. Schoenbaum, Petros C. Mavroidis, Michael Hahn, 2015 This is a comprehensive overview of the law and practice of the World Trade Organization It begins with the institutional law of the WTO moving eventually to the consequences of globalization New chapters on Trade in Agriculture and on Government Procurement and Trade

Global Politics and EU Trade Policy Wolfgang Weiß, Cornelia Furculita, 2020-02-24 This book explores how the European Union designs its trade policy to face the most recent challenges and to influence global policy issues It provides with an interdisciplinary perspective by combining legal political and economic approaches It studies a broad set of trade instruments that are used by the EU in its trade policy such as trade agreements multilateral initiatives unilateral trade policies as well as internal market tools Therefore the contributions to this volume present the EU s Trade Policy through different lenses providing a complex view of it
