Booklist **Hitler's Nest of Vipers** Nigel West, 2022-10-21 presents an excellent and concise narrative of the Abwehr's global intelligence network West draws from hundreds of firsthand debriefing and summary reports including disclosed sources not previously available to scholars American Intelligence Journal Modern historians have consistently condemned the Abwehr Germany's military intelligence service and its SS equivalent the Sicherheitsdienst SD as incompetent and even corrupt organizations However newly declassified MI5 CIA and US Counterintelligence Corps files shed a very different light on the structure control and capabilities of the German intelligence machine in Europe South America the Mediterranean and the Middle East It is usually stated that under Admiral Canaris the Abwehr neglected its main functions its attention being focused more on trying to bring down Hitler Yet Canaris greatly expanded the Abwehr from 150 personnel into a vast world wide organisation which achieved many notable successes against the Allies Equally the SD's tentacles spread across the Occupied territories as the German forces invaded country after country across Europe In this in depth study of the Abwehr's rise to power 1935 to 1943 its activities in Russia the Baltic States Ukraine Japan China Manchukuo and Mongolia are examined as well as those in Thailand French Indo China the Dutch East Indies the Philippines Iran Turkey Afghanistan and the Arab nations In this period the Abwehr built a complex network of individual agents with transmitters operating from commercial diplomatic and consular premises Before and in the early stages of the war it later became apparent the Abwehr was controlling a number of agents in Britain Indeed it was only after the war that the scale of the Abwehr's activities became known the organisation having of around 20 000 members For the first time the Abwehr's development and the true extent of its operations have been laid bare through official files and even of restored documents previously redacted The long list of operations and activities of the Abwehr around the world includes the efforts of an agent in the USA who was arrested after a bizarre attempt to obtain a quantity of blank American passports by impersonating a senior State Department official Edward Weston an Under Secretary of State Also former U S Marine Kurt Jahnke who was recruited to collect information about the American munitions production and send it on to Germany These are just two of the numerous
