up to 100 000 Aboriginal children were taken forcibly from their families by police or welfare officers because of a Federal and State Government edict The main motive was to assimilate Aboriginal children into European society over one or two generations by denying and destroying their Aboriginality This issue is also discussed in the novel Rabbit Proof Fence by Doris Pilkington which tells a story about three girls who were also uprooted from their community and taken to a state settlement about 1 500 miles away from their home In this reality based story the girls escaped from their internment camp and tried to run back home by following the rabbit proof fence My term paper is divided into four chapters In the first one a short outline of British colonisation in Australia and its impacts on the Aborigines will be given The second chapter is about the mentioned book and its author and the third part of this term paper analyses some extracts from Doris Pilkington s novel and proves their verity with historical documents until it finally comes to its conclusion in the last chapter which tells us something about the current situation of the Aborigines and the reactions of the Australian government
