Carlisle,2009-04-02 CHOICE Outstanding Academic Title for 2009 This ground breaking resource is strongly recommended for all libraries and health and welfare institutional depots essential for university collections especially those catering to social studies programs Library Journal STARRED Review Children and adults spend a great deal of time in activities we think of as play including games sports and hobbies Without thinking about it very deeply almost everyone would agree that such activities are fun relaxing and entertaining However play has many purposes that run much deeper than simple entertainment For children play has various functions such as competition following rules accepting defeat choosing leaders exercising leadership practicing adult roles and taking risks in order to reap rewards For adults many games and sports serve as harmless releases of feelings of aggression competition and intergroup hostility The Encyclopedia of Play in Today s Society explores the concept of play in history and modern society in the United States and internationally Its scope encompasses leisure and recreational activities of children and adults throughout the ages from dice games in the Roman Empire to video games today With more than 450 entries these two volumes do not include coverage of professional sports and sport teams but instead cover the hundreds of games played not to earn a living but as informal activity All aspects of play from learning to competition mastery of nature socialization and cooperation are included Simply enough this Encyclopedia explores play played for the fun of it Key Features Available in both print and electronic formats Provides access to the fascinating literature that has explored questions of psychology learning theory game theory and history in depth Considers the affects of play on child and adult development particularly on health creativity and imagination Contains entries that describe both adult and childhood play and games in dozens of cultures around the world and throughout history Explores the sophisticated analyses of social thinkers such as Huizinga Vygotsky and Sutton Smith as well as the wide variety of games toys sports and entertainments found around the world Presents cultures as diverse as the ancient Middle East modern Russia and China and in nations as far flung as India Argentina and France Key Themes Adult Games Board and Card Games Children s Games History of Play Outdoor Games and Amateur Sports Play and Education Play Around the World Psychology of Play Sociology of Play Toys and Business Video and Online Games For a subject we mostly consider light hearted play as a research topic has generated an extensive and sophisticated literature exploring a range of penetrating questions This two volume set serves as a general nontechnical resource for academics researchers and students alike It is an essential addition to any academic library

Gestures of Concern Chris Ingraham,2020-07-27 In Gestures of Concern Chris Ingraham shows that while gestures such as sending a Get Well card may not be instrumentally effective they do exert an intrinsically affective force on a field of

social relations From liking sharing posting or swiping to watching a TED Talk or wearing an I Voted sticker such gestures operate as much through affective registers as they do through overt symbolic action Ingraham demonstrates that gestures of concern are central to establishing the necessary conditions for larger social or political change because they give the everyday aesthetic and rhetorical practices of public life the capacity to attain some socially legible momentum Rather than supporting the notion that vociferous public communication is the best means for political and social change Ingraham advances the idea that concerned gestures can help to build the affective communities that orient us to one another with an imaginable future in mind Ultimately he shows how acts that many may consider trivial or banal are integral to establishing those background conditions capable of fostering more inclusive social or political change *Social Media Simplified* Vijayendra Haryal,2011-01-01 Dive into the dynamic world of Social Media Simplified by Vijayendra Haryal a comprehensive guide that demystifies the intricacies of social media marketing and empowers readers to navigate the digital landscape with confidence Prepare to unlock the secrets to building a successful online presence and harnessing the power of social media to achieve your business goals Join Haryal as he takes you on a journey through the ever evolving world of social media from the basics of creating engaging content to the nuances of building a loyal following and driving conversions Through his clear explanations and practical tips readers will gain a deeper understanding of how to leverage social media platforms to grow their brand connect with their audience and drive real results Themes of digital marketing branding and audience engagement permeate Social Media Simplified offering readers a comprehensive overview of the strategies and tactics needed to succeed in today s competitive online landscape Haryal s insights into the latest trends and best practices empower readers to stay ahead of the curve and adapt to the ever changing demands of social media marketing Characterized by its user friendly approach and actionable advice Social Media Simplified captivates readers with its blend of theory and practical application Haryal s expertise in the field of digital marketing shines through as he guides readers through the process of creating compelling content optimizing their social media profiles and measuring their success Since its publication Social Media Simplified has been hailed as an indispensable resource for marketers entrepreneurs and anyone looking to harness the power of social media to achieve their goals Haryal s accessible writing style and comprehensive coverage of the topic make this book a must read for anyone looking to master the art of social media marketing As you delve into the pages of Social Media Simplified you ll find yourself equipped with the knowledge and tools needed to succeed in the fast paced world of social media marketing Haryal s practical advice and expert guidance empower readers to take control of their online presence and achieve their business objectives with confidence Don t miss your chance to unlock the secrets to social media success with Social Media Simplified by Vijayendra Haryal Let this comprehensive guide be your roadmap to navigating the digital landscape and achieving your marketing goals Grab your copy now and embark on a journey to social media mastery *Youth, Society and Mobile Media in Asia* Stephanie Hemelryk Donald,Theresa Dirndorfer

Anderson,Damien Spry,2010-04-28 This book examines the influence of the mobile media technology in the lives of young people in East and North Asia South East Asia and Australia addressing important questions of social identity well being participation and exclusion *The Technologisation of the Social* Paul O'Connor,Marius Ion Benţa,2021-12-30 In an era of digital revolution artificial intelligence big data and augmented reality technology has shifted from being a tool of communication to a primary medium of experience and sociality Some of the most basic human capacities are increasingly being outsourced to machines and we increasingly experience and interpret the world through digital interfaces with machines becoming ever more social beings Social interaction and human perception are being reshaped in unprecedented ways This book explores this technologisation of the social and the attendant penetration of permanent liminality into those aspects of the lifeworld where individuals had previously sought some kind of stability and meaning Through a historical and anthropological examination of this phenomenon it problematises the underlying logic of limitless technological expansion and our increasing inability to imagine either ourselves or our world in other than technological terms Drawing on a variety of concepts from political anthropology including liminality the trickster imitation schismogenesis participation and the void it interrogates the contemporary technological revolution in a manner that will be of interest to sociologists social and anthropological theorists and scholars of science and technology studies with interests in the digital transformation of social life
