needs a new owner...**

BY ANYA SMITH

On Friday at 4pm the owners of the Fairview Hotel had a shock when an unexpected guest arrived. He was a King Cavalier pup about 9 months old.

The hotel manager Ken Barker said, "He wandered in and put his paw on the desk as if he was another guest. He looked at us with big black appealing eyes as if he was asking for a room. He is an adorable dog and my staff fell in love with him. They have doted on him."

The hotel receptionist Miss Kind added, "He is so affectionate. He will make a fantastic pet for somebody. I would have had him myself if I had a bigger flat with a garden."

**CAPTION: CAVALIER PUPPY**

The dog had been living rough on the common and was starving. We are searching for a suitable new owner. An animal with such a gentle nature deserves a good home.

Jensen Arnett,2007 Publisher Description **The Preventorium** Susan Annah Currie,2022-08-11 Named the 2023 Best Memoir on Health Adverse Childhood Experiences by Memoir Magazine Opened on February 17 1929 the Mississippi State Preventorium operated continuously until 1976 The Mississippi Preventorium like similar hospitals throughout the country was an institution for sickly anemic and underweight children It was established on the grounds of the Mississippi State Tuberculosis Sanatorium in the early years of the twentieth century when tuberculosis was a dreaded disease worldwide The TB Sanatorium hospital housed those with tuberculosis offering refuge for patients of all ages afflicted with the pernicious and contagious disease Although located on the same medical campus the preventorium was a separate medical institution

for children no children with TB were admitted in the sixty year run of the hospital The name preventorium meant a place of preventing disease as there was a fear of sickly children contracting TB The Mississippi Preventorium was one of the last if not the very last of these special hospitals for children Now closed the preventorium housed over three thousand children including author Susan Annah Currie In this intimate memoir Currie details her fifteen month stay at the preventorium From her arrival in May 1959 at six years old Currie vividly explores the unique and isolating world that she and children across the country experienced Her exacting routine dictated by the nurses and doctors who now acted as her parents erased the distinction between patients and created both a sense of community among the children and a deep sense of loneliness From walking silently single file through the cold narrow halls of the hospital to nurses recording every detail of their bathroom habits to extremely limited visitation from family Currie s time at the preventorium changed her and those around her leaving an indelible mark even after their return home While many of the records from the preventorium have been lost Currie s memoir opens to readers a lost history largely forgotten Told in evocative prose The Preventorium explores Currie s personal trials both in the hospital and in the echoes of her experiences into adulthood
