**ReVisioning** James Romaine, Linda Stratford, 2014-05-20 *ReVisioning Critical Methods of Seeing Christianity in the History of Art* examines the application of art historical methods to the history of Christianity and art. As methods of art history have become more interdisciplinary, there has been a notable emergence of discussions of religion in art history as well as related fields such as visual culture and theology. This book represents the first critical examination of scholarly methodologies applied to the study of Christian subjects, themes, and contexts in art. *ReVisioning* contains original work from a range of scholars, each of whom has addressed the question in regard to a well-known work of art or body of work. How have particular methods of art history been applied and with what effect? The study moves from the third century to the present, providing extensive treatment and analysis of art historical methods applied to the history of Christianity and art.

The Sunday School Journal, 1878      **The Church School Journal**, 1902      History for Little Pilgrims Edward Shewan, 1998-05 *History for Little Pilgrims Teacher's Manual*. In *History of Little Pilgrims*, we have sought to show God's providence working throughout history from its earliest days until the present. We have built this course upon the foundation of God's revelation about early human history, bringing the Bible to bear on the subject matter. The teacher's manual for *History of Little Pilgrims* seeks to enhance this study of the world and American history. Additional information and lesson ideas are provided so teachers should use these to expand the instruction of this course beyond the textbook. *The Preaching of the Third Crusade (1187-1192)* Alexander Marx, 2024-12-23. This book delivers the first substantial study of the preaching of the Third Crusade, 1187-92. It assembles c. 200 sermon texts and c. 100 manuscripts to understand the explosive dynamic of mobilization in the Latin West. Dealing with the essential fact that a genre called crusade sermon did not exist, it develops methodological devices for identifying sermons relevant for the crusading purpose. The book contests, thus, the modern historiography which has placed too much trust in the few chronicle reports. However, its fruitful blending of crusading preaching, exegesis, manuscript studies, and intellectual history has much to offer beyond crusade studies. *The United States Catalog*, 1906      *Christian Advocate*, 1912      **NIV Life Application Study Bible, Third Edition**, 2019.
