Bromberg, 2013 Rylee is used to being in control but she s about to meet the one man that just might make her enjoy losing it In a world full of willing women Rylee is a challenge to the roguish and achingly handsome Colton a man used to getting exactly what he wants in all aspects of life He s the reckless bad boy constantly skating that razor thin edge toward out of control on and off of the track Their sexual chemistry is undeniable Their individual need for complete control is irrefutable But when their worlds collide is the chemistry enough or will untold secrets and battle of wills force them apart TV Writing On Demand Neil Landau, 2024-08-13 This book takes a deep dive into writing for today s audiences against the backdrop of a constantly evolving TV ecosystem The aim of this 2nd edition is to go beyond an analysis of what makes exceptionally compelling episodic TV series work It is a master course in the creation of entertainment that does more than meet the standards of modern audiences it challenges their expectations The book will help readers discover how to satisfy the satiated viewer by analyzing the new hybrid genres trends and how to make smart initial decisions for a strong sustainable story It will also cover the development of iconic characters that foster empathy and entice viewers to bond with characters and generate the sensation that their problems are mutual Finally the book will also take a deep dive into creating a lasting meaningful career in the TV marketplace by overcoming trips traps and tropes the pros and cons of IP the use of pitch documents pitch decks

and show bibles as proof of concept in the marketplace This will be an essential resource for student and professional writers and is supplemented with a companion website offering additional content including script excerpts pitch document deck show bible samples scene analysis and templates plus useful writing exercises to break new ground and to mine new territory

*Science of Breath* Swami Rama, Rudolph Ballentine, Alan Hymes, 1998 Much of the Western world was completely unaware of the profound impact of the breath on the body and mind until the 1970 s It was during this time that Swami Rama astonished physiologists by demonstrating perfect control over his heart rate and brain waves something Western scientists didn't believe humans could possibly achieve In this book Swami Rama shares some of the basic breathing techniques practiced by Himalayan yogis so that you too can experience the profound effects of pranayama and breath control The goal of *Science of Breath* is to present knowledge and practices regarding the breath in a way that can be applied to personal growth This book is a masterful guide to systematically identifying bad breathing habits replacing those habits with healthy breathing patterns and developing control over pranic flow Learn how to develop and master the link between your body and mind through the understanding of the breath With increased awareness and control of the subtle aspects of breathing one can effect deep physical and psychological changes and begin to master the roaming tendencies of the mind *Science of Breath* opens the door to a new way of being providing a powerful tool in the pursuit of holistic health and personal growth
