

## **Persuasive Research Paper**

**Assignment:** Choose an issue that has two sides, and that is important to you. Research both sides of the issue to learn facts, statistics, and opinions that exist. When you have enough information, choose a side to research further and to write a paper convincing other people to agree with your opinion.

This essay will communicate your opinion, but will be based on research.

**Mode:** Use an essay mode (introduction with thesis statement, body paragraphs, conclusion) to present the information. Your opinion should appear in the thesis, while the body paragraphs support your opinion with facts, anecdotes, etc.

**Format:** Your research should be documented in MLA format using parenthetical (in-text) citations and a Works Cited. The cover page and additional pages should also follow MLA format. Purdue University's on-line writing center, the OWL, contains complete formatting instructions.

Be careful to avoid plagiarism by carefully paraphrasing, summarizing, and quoting the sources that you use. If MLA format is unfamiliar to you, feel free to chat with me for clarification after you peruse the OWL.

**Research:** Your research should utilize the internet, books, magazines, newspapers and other sources. Your local library is a wonderful place to research. The following guidelines apply to the sources that you use in your paper:

- You are required to use at least 6 sources in the body of your paper.
- 1 source must be (up to 3 sources may be) from the internet.
- 1 source must be a book.
- 1 source must be a magazine or newspaper article.
- Only 1 source may be an encyclopedia-like source.
- You may use a personal interview with an expert on your topic.

Be careful to choose sources that are reputable and up to date.
