who can observe themselves thinking realize that they are not their mind and that all things of importance such as beauty joy love and inner peace come from beyond the mind This state of consciousness is achieved when people feel their own presence beyond their thoughts emotions and physical bodies Another way to experience enlightenment is to focus all attention on the now the present moment The ego or false self barely notices the present moment To the ego only the past and the future are important Emotions are thoughts that are felt in the body To reach full consciousness people need to be able to see their emotions as separate from themselves
