destroyed the blog Gawker and strenuously backing far right political candidates notably Donald Trump for president in 2016 Eye opening and deeply reported The Contrarian is a revelatory biography of a one of a kind leader and an incisive portrait of a tech industry whose explosive growth and power is both thrilling and fraught with controversy

Optoelectronic Technology and Lightwave Communications Systems Chinlon Lin, 2012-12-06 Ever since the invention of the transistor semiconductor based microelectronics has made a revolutionary impact on the information society as evident from the widespread application of microprocessor based technology in our modern society The next wave of modern information technology after transistors and microelectronics is that of lasers and micro optoelectronics Optoelectronics or optical electronics based on lasers and related modern optical technology has also become a very important field of science and technology in the past 20 years Electronics or microelectronics deals with micro electronic devices and components for generation transmission and processing of electronic signals In contrast in optoelectronics we deal with optoelectronic devices and components for the generation transmission and processing of lightwave signals It is the interaction of lightwaves photons with matter that shows the uniqueness of optoelectronic technology optical absorption and scattering optical gain and amplification material and waveguide dispersion nonlinear optical effects etc are very much dependent on the material's intrinsic properties and the lightwave propagation effects

The Savage Wars Of Peace Max Boot, 2014-03-11 Anyone who wants to understand why America has permanently entered a new era in international relations must read this book Vividly written and thoroughly researched Los Angeles Times America's small wars imperial war or as the Pentagon now terms them low intensity conflicts have played an essential but little appreciated role in its growth as a world power Beginning with Jefferson's expedition against the Barbary pirates Max Boot tells the exciting stories of our sometimes minor but often bloody landings in Samoa the Philippines China Haiti the Dominican Republic Nicaragua Mexico Russia and elsewhere Along the way he sketches colorful portraits of little known military heroes such as Stephen Decatur Fighting Fred Funston and Smedley Butler This revised and updated edition of Boot's compellingly readable history of the forgotten wars that helped promote America's rise in the last two centuries includes a wealth of new material including a chapter on the wars in Iraq and Afghanistan and a new afterword on the lessons of the post 9 11 world
