Special Education Design and Development Tools for School Rehabilitation Professionals Singh, Ajay, Viner, Mark, Yeh, Chia Jung, 2019-12-13 Educators who work with students with disabilities have the unique challenge of providing comprehensive and quality educational experiences for students who have a wide range of abilities and levels of focus. Pedagogies and educational strategies can be applied across a student population though they tend to have varied success. Developing adaptive teaching methods that provide quality experiences for students with varied disabilities are necessary to promote success for as many of these students as possible. *Special Education Design and Development Tools for School Rehabilitation Professionals* is a comprehensive research publication that examines special education practices and provides in depth evaluations of pedagogical practices for improved educational experiences for students with disabilities. Highlighting a range of topics such as bilingual education, psychometrics and physical education, this book is ideal for special education teachers, instructors, rehabilitation professionals, academicians, school administrators, instructional designers, curriculum developers, principals, educational software developers, researchers, and students.

Emotional Intelligence in Education Kateryna V. Keefer, James D. A. Parker, Donald H. Saklofske, 2018-07-13 This book highlights current knowledge, best practices, new opportunities, and difficult challenges associated with promoting emotional intelligence (EI) and social emotional learning (SEL) in educational settings. The volume provides analyses of contemporary EI theories and measurement tools, common principles and barriers in effective EI and SEL programming, typical and atypical developmental considerations, and higher level institutional and policy implications. It also addresses common critiques of the relevance of EI and discusses the need for greater awareness of sociocultural contexts in assessing and nurturing EI skills. Chapters provide examples of effective EI and SEL programs in pre school, secondary school, and university contexts and explore innovative applications of EI such as bullying prevention and athletic training. In addition, chapters explore the implications of EI in postsecondary professional and occupational settings with topics ranging from college success and youth career readiness to EI training for future educators and organizational leaders. Topics featured in this book include Ability and trait EI and their role in coping with stress, academic attainment, sports performance, and career readiness. Implications of preschoolers' emotional competence for future success in the classroom. Understanding EI in individuals with exceptionalities. Applications of school based EI and SEL programs in North America and Europe. Policy recommendations for social emotional development in schools, colleges, and universities. Developing emotional, social, and cognitive competencies in managers during an MBA program. Emotional intelligence training for teachers. Cross cultural perspective on EI and emotions. *Emotional Intelligence in Education* is a must have resource for researchers, professionals, and policymakers as well as graduate students across such disciplines as child and school psychology, social work, and education policy.
