Touching Photographs Margaret Olin, 2012-05-21 Photography does more than simply represent the world It acts in the world connecting people to form relationships and shaping relationships to create communities In this beautiful

book Margaret Olin explores photography's ability to touch us through a series of essays that shed new light on photography's role in the world. Olin investigates the publication of photographs in mass media and literature, the hanging of exhibitions, the posting of photocopied photographs of lost loved ones in public spaces, and the intense photographic activity of tourists at their destinations. She moves from intimate relationships between viewers and photographs to interactions around larger communities, analyzing how photography affects the way people handle cataclysmic events like 9/11. Along the way, she shows us James VanDerZee's Harlem funeral portraits, dusts off Roland Barthes's family album, takes us into Walker Evans and James Agee's photo-text *Let Us Now Praise Famous Men*, and logs onto online photo albums. With over one hundred illustrations, *Touching Photographs* is an insightful contribution to the theory of photography, visual studies, and art history.

Modern Publicity Arthur W. Dean, 1921 Touching and Imagining Jan Svankmajer, 2014-03-27 Jan Svankmajer wrote this remarkable book on tactile art when he stopped directing films and experimented intensively with tactile art after repeated censorship by the communist government of Czechoslovakia. Illustrated with over 100 images, this book is organized around many reproductions of Svanmajker's wondrous tactile art objects, tactile poems, experiments, and games. It includes dialogues with and artworks by other collaborating artists from the Group of Czech and Slovak Surrealists. Svankmajer also gathers together as contributors such notable exponents of tactile experience as Edgar Allan Poe, Guillaume Apollinaire, Salvador Dalí, Marcel Duchamp, Meret Oppenheim, Edith Clifford Williams, Ay O, Valie Export, F. T. Marinetti, and Karel Teige.

The Organization of a Small Business William A. Smith, 1922 *Touching, Devotional Practices, and Visionary Experience in the Late Middle Ages* David Carrillo-Rangel, Delfi I. Nieto-Isabel, Pablo Acosta-García, 2019-12-16 This book addresses the history of the senses in relation to affective piety and its role in devotional practices in the late Middle Ages, focusing on the sense of touch. It argues that only by deeply analysing this specific context of perception can the full significance of sensory religious experience in the Late Middle Ages be understood. Considering the centrality of the body to medieval society and Christianity, this collection explores a range of devotional practices, mainly relating to the Passion of Christ, and features manuscripts, works of devotional literature, art, woodcuts, and judicial records. It brings together a multidisciplinary group of scholars to offer a variety of methodological approaches in order to understand how touch was encoded, evoked, and purposefully used. The book further considers how touch was related to the medieval theory of perception, examining its relation to the inner and outer senses through the eyes of visionaries, mystics, theologians, and confessors, not only as praxis but from different theoretical points of view. While considered the most basic of spiritual experience, the chapters in this book highlight the all-pervasive presence of touch and the significance of affective piety to Late Medieval Christians. Chapter 3, *Drama, Performance, and Touch in the Medieval Convent and Beyond*, is Open Access under a CC BY 4.0 license at link.springer.com. **Mastering Ext JS - Second Edition** Loiane Groner, 2015-02-24 If you are a developer who is familiar with Ext JS and want to augment your skills to create even better web applications, this is the
