District of Columbia Appropriations for 1995 United States. Congress. House. Committee on Appropriations. Subcommittee on District of Columbia Appropriations, 1994. Enriched with global case studies spanning a diverse range of niche tours offered as tourism products around the world, the book highlights emerging trends and the importance of continuous skill development in the profession. It covers topics such as pre-tour preparations, the art of effectively opening and closing tours, engaging narration at attractions, the importance of technology for tour guides, and the nuances of managing diverse groups. Additionally, it delves into the growing practice of virtual tour guiding and offers practical guidance on addressing guest inquiries, managing grievances, and handling emergencies, besides addressing the new emerging trends in the field of tour guiding. This companion is designed for students and educators in tourism, travel, and hospitality management programs worldwide. It serves as a valuable training manual for national, regional, and local tourism authorities, as well as tour operators and travel agencies. Furthermore, both seasoned professionals and aspiring tour guides will find it an essential reference to refine their skills and stay updated with contemporary best practices. *Tourism, Heritage and National Culture in Java* Heidi Dahles, 2013-10-11. Based on anthropological fieldwork in the 1990s, this book provides an ethnographic perspective in its examination of the politics and policies of cultural tourism as they were played out under the Indonesian New Order regime. The successful New Order tourism policy ensured that tourism development both contributed to and benefited from increasing economic prosperity and a long stretch of political stability. However, that success has come at a price: the policy to encourage mainly high quality tourism revolved around carefully constructed and controlled tourist experiences that have led to local inequalities. The failure of this policy is analysed in a detailed case study of the city of Yogyakarta. Coercion and Wage Labour Anamarija Batista, Viola Franziska Müller, Corinna Peres, 2023-12-07. *Coercion and Wage Labour* presents novel histories of people who experienced physical, social, political, or cultural compulsion in the course of paid work. Broad in scope, the chapters examine diverse areas of work, including textile production, war industries, civil service, and domestic labour, in contexts from the Middle Ages to the present day. They demonstrate that wages have

consistently shaped working people's experiences and failed to protect workers from coercion. Instead, wages emerge as versatile tools to bind, control, and exploit workers. Remuneration mirrors the distribution of power in labour relations, often separating employers physically and emotionally from their employees and disguising coercion. The book makes historical narratives accessible for interdisciplinary audiences. Most chapters are preceded by illustrations by artists invited to visually conceptualise the book's key messages and to emphasise the presence of the body and landscape in the realm of work. In turn, the chapter texts reflect back on the artworks, creating an intense intermedial dialogue that offers mutually relational translations and narrations of labour coercion. Other contributions written by art scholars discuss how coercion in remunerated labour is constructed and reflected in artistic practice. The collection serves as an innovative and creative tool for teaching and raises awareness that narrating history is always contingent on the medium chosen and its inherent constraints and possibilities. Praise for *Coercion and Wage Labour*: *Coercion and Wage Labour* is a pioneering volume. It makes a well-founded break with the widespread misconception that wage labour is by definition free from coercion. The fourteen historical case studies lead to the conclusion that wage labourers too were subject to many forms of coercion and that usually their freedom was and is only relative. But something else makes this book special: throughout the text, there are artistic illustrations that enter into a dialogue with the individual chapters, which in turn reflect on the images. This creates an inspiring interaction that complements the volume's interdisciplinary nature. Marcel van der Linden, International Institute of Social History, Amsterdam

Strategic Diversity and Inclusion in Organizations Marco Valeri, Charbel

Salloum, 2025-04-21 This book is an invitation to embark on a transformative journey to lead with intention and to build organizations that are not only successful but also equitable, innovative, and reflective of the rich tapestry of humanity. In managerial literature, principal aspects converge on the pivotal role of leadership commitment, where the tone set by top management is foundational for embedding diversity and inclusion (D&I) within an organization's culture. This is complemented by the strategic integration of D&I, ensuring that such initiatives are not isolated programs but interwoven with broader business strategies and objectives. Equally important is the literature's focus on policy development and the implementation of D&I principles, which calls for clear, actionable policies that are consistently enforced. Managerial literature also scrutinizes the impact of organizational culture on D&I outcomes, delving into how inclusive norms and values must permeate every level of the organization. Training and development occupy a central role, addressing the need for continuous learning opportunities that promote D&I competencies among employees and management alike. Communication is another critical aspect, emphasizing transparent, open dialogues about D&I goals and challenges. Lastly, the literature on change management is instrumental, providing insights on managing resistance and fostering an adaptive workforce that is receptive to D&I initiatives. These aspects are explored in depth in this book and collectively shape the discourse on how to effectively manage and nurture a diverse and inclusive organizational environment.
