## **Navy Leadership Guide:**

**Petty Officer's Guide** Paul A Kingsbury, Daniel M. Richard, 2022-03-15 The Petty Officer's Guide is written and edited by petty officers for petty officers. It is designed to ensure Navy Petty Officers are ready to fight and win wars at sea, under the sea, in the air, on land, and in outer space and cyberspace by exposing junior Petty Officers to innovative and modern leadership methodologies. Serving as the premiere leadership guide to junior Navy Petty Officers, it enhances development processes and tools such as the Navy Leader Development Framework Education for Sea Power Sailor 360 and Enlisted Leader Development courses. Furthermore, it reinforces modern lines of effort identified in the Chief of Naval Operations Design for Maritime Superiority and promotes the development of innovative leaders and strategic thinkers. This guide provides unique insights into the values, beliefs, attitudes, and skills that enable the success of naval leaders, how Petty Officers can use power bases, influence tactics, and managerial skills to achieve objectives, and how to influence their peers in support of organizational objectives to achieve the mission accomplishment. **Navy Leader Planning Guide, 1996** United States. Chief of Naval Education and Training, 1996 **Instructor's Guide**, 1985 Chief Petty Officer's Guide, Third Edition Paul A Kingsbury, 2025-03-12 In this third edition of the Chief Petty Officer's Guide, author Paul Kingsbury offers the same caliber of wisdom and advice that has helped Chief Petty Officers (CPOs) succeed for decades. Fully revised, this edition features updates to every chapter as well as a broader context, scope, and audience. With the addition of guidance for Navy and Coast Guard chiefs of all experience levels, aspiring petty officers seeking advancement to chief, and other leaders, this book is a vital tool for anyone who wants to understand how great chiefs think, manage, and lead. Those striving to improve as a chief, senior chief, or master chief will find this handbook an essential resource on how to lead and manage strong maintenance and operational teams. Kingsbury provides key perspectives on how chiefs can use power bases, influence tactics, and managerial skills to achieve mission success at all levels of Navy and Coast Guard leadership. Chapters feature tools for self-assessment, including explanations of the attributes, behaviors, and qualities that all petty officers or any leader or manager should strive for. Newly Commissioned Naval Officer's Guide Samantha Ann O'Neil, 2025-01-14 Fully revised, this third edition of the Newly Commissioned Naval Officer's Guide continues to be an essential resource for those making the pivotal transition from midshipmen and officer candidates to newly commissioned naval officers from all service communities. Chapters address the principles of basic leadership, naval policy, service etiquette, and personal and professional administration. With new insights from those who have recently made this transition, this book serves as a gateway to the many digital and print assets available to newly commissioned officers. It underscores continued preparation, repetition, action, leadership accountability, and focus on the job at hand as lifelong career fundamentals. A brief history of the U.S. Navy is included, as well as sample communications and helpful hints, making this volume an important source of advice and information for young leaders who, by their service, make a difference in the U.S. Navy, the nation, and the world. **Nimitz**
