Climate-smart agriculture and the Sustainable Development Goals Food and Agriculture Organization of the United Nations,2019-09-18 The United Nations 2030 Agenda for Sustainable Development with its 17 Sustainable Development Goals SDGs and 169 targets presents a universally accepted and comprehensive framework addressing all aspects and

dimensions of sustainability The integration of the climate smart agriculture CSA approach with the implementation of the 2030 Agenda provides an opportunity to enhance the overall sustainability of CSA results and synergize CSA interventions with other sustainable development efforts To achieve this integration a clear understanding of how the CSA implementation process can engage with the 2030 Agenda throughout the five CSA implementation steps is required Moreover the interlinkages between CSA objectives and the SDGs and associated targets need to be well understood including both potential synergies and trade offs This publication presents an assessment and mapping of CSA SDG interlinkages These provide entry points for targeted CSA planning to enhance synergies and reduce potential trade offs between CSA objectives and SDGs The publication also provides guidelines for the integration of the CSA implementation steps with the 2030 Agenda An important aspect of these guidelines is the integration with the Paris Agreement and the Nationally Determined Contributions NDCs pledged by countries as a complementary process to the 2030 Agenda and the central reference point for countries commitments to climate action

Invisible City John I. Gilderbloom,2009-02-17 A legendary figure in the realms of public policy and academia John Gilderbloom is one of the foremost urban planning researchers of our time producing groundbreaking studies on housing markets design location regulation financing and community building Now in Invisible City he turns his eye to fundamental questions regarding housing for the elderly the disabled and the poor Why is it that some locales can offer affordable accessible and attractive housing while the large majority of cities fail to do so Invisible City calls for a brave new housing paradigm that makes the needs of marginalized populations visible to policy makers Drawing on fascinating case studies in Houston Louisville and New Orleans and analyzing census information as well as policy reports Gilderbloom offers a comprehensive engaging and optimistic theory of how housing can be remade with a progressive vision While many

contemporary urban scholars have failed to capture the dynamics of what is happening in our cities Gilderbloom presents a new vision of shelter as a force that shapes all residents
