Niccolò Ridolfi and the Cardinal's Court Lucinda

Byatt, 2022-08-29 Niccolò Ridolfi 1501-50 was a Florentine cardinal nephew and cousin to the Medici popes Leo X and Clement VII and he owed his status and wealth to their patronage He remained actively engaged in Florentine politics above all during the years of crisis that saw the Florentine state change from republic to duchy A widely respected patron and scholar throughout his life his sudden death during the conclave of 1549-50 led to allegations of poison that an autopsy appears to confirm This book examines Cardinal Ridolfi and his court in order to understand the extent to which cardinalate courts played a key part in Rome's resurgence and acted as hubs of knowledge located on the fault lines of politics and reform in church and state hospitable spaces that can be analysed in the context of entanglements in Florentine and Roman cultural and political patronage and intersections between the princely court and a more professional and complex knowledge and practice of household management in the consumer and service economy of early modern Rome Based on an array of archival sources and on three treatises whose authors were closely linked to Ridolfi's court this monograph explores these multidisciplinary intersections to allow the more traditional fields of church and political history to be approached from

different angles Niccolò Ridolfi and the Cardinal's Court will appeal to all those interested in the organisation of these elite establishments and their place in sixteenth century Roman society the life and patronage of Niccolò Ridolfi in the context of the Florentine exiles who desired a return to republicanism and the history of the Roman Catholic Church **The Florentine History Written by Niccolò Machiavelli** Niccolò Machiavelli, 1906 The Life and Times of Niccolò Machiavelli Pasquale Villari, 1891 **The maid of Florence; or, Niccolò de' Lapi. Tr. by W. Felgate** Massimo Tapparelli d'Azeglio (march.), 1853 Catherine of Siena, **Catherine of Siena** Mary O'Driscoll, 2005-11 The selections from her writings found in the following pages will bring Catherine's lived theology to life inviting us to enjoy the fruit and not just be content with the outer rind of our Christian faith This is the best introduction to the prayer and ministry of St Catherine that I have read The texts are beautifully translated Benedict Ashley O P Aquinas Institute of Theology This anthology makes accessible to a large reading public the extraordinary sensitivity and affection of Catherine of Siena gifts grounded in love New Oxford Review Mary O Driscoll has skillfully selected and perceptively introduced the passages given here to represent the broad tapestry of Catherine's thought Suzanne Noffke O P This book is warmly and unreservedly recommended Austin Flannery Religious Life Review **The Novels** Matteo Bandello, 1890 Niccolò Machiavelli Raymond A. Belliotti, 2009-01-01 Machiavelli is usually understood as a thinker who separated morality from politics or who championed Roman pagan morality over conventional Christian morality Belliotti argues instead that Machiavelli's innovation is his understanding of the perhaps irresolvable moral conflicts that exist within political leaders who fulfill the duties of their offices while accepting the authority of absolute moral principles Machiavelli is a moral pessimist who insists that politicians must risk their souls when performing their public responsibilities Politicians and military leaders must dirty their hands in service to their constituents This is especially the case when one strong man founds a state or reforms a corrupt state History washes away _that is excuses_ many of the horrifying deeds that are required in such cases Belliotti does not try to domesticate Machiavelli by picturing him as a liberal humanist inclined only toward free government Nor does he paint him as a teacher of evil Instead the book offers a balanced understanding of the Florentine with special focus on his insights and his myopias Machiavelli's view of human nature and his conclusion that international affairs have always been and will always be a series of zero sum contests lead him to stunning discoveries and glaring errors alike **The Story of Verona** Alethea Wiel, 1925 **The story of Verona** Hon. Alethea Jane (Lawley) Wiel, 1904 New American Supplement to the Latest Edition of the Encyclopaedia Britannica, a Standard Work of Reference in Art, Literature, Science, History, Geography, Commerce, Biography, Discovery and Invention, 1897 *Women's Agency and Self-Fashioning in Early Modern Tuscany* Autori Vari, 2022-06-13T13:24:00+02:00 The women profiled in these chapters come from diverse cultural social economic and spiritual backgrounds from patrician heads of household to widows from saints to artistic patrons each of the women featured in this interdisciplinary study offers us fresh insight and a broader perspective on the position and role of
