## **Nietzsche Stefan Zweig:**

**Nietzsche** Stefan Zweig, 2021-01-19 A scintillating biographical study of the one of the greatest philosophers of the nineteenth century by one of the bestselling writers of the twentieth In this vivid biography Zweig eschews traditional academic discussion and focuses on Nietzsche's habits passions and obsessions This work concentrating on the man rather than the work on the tragedy of his existence and his apartness from the world in which he moved in enforced isolation is a tour de force drawing the reader inexorably into Nietzsche's tragic trajectory Illustrated with numerous photographs relating to Nietzsche and his European locations this superb translation by Will Stone is essential reading for anyone interested in Nietzsche Zweig first class biographies and philosophy *Holderlin, Kleist, and Nietzsche* Stefan Zweig, 2017-07-05 This is the second volume in a trilogy in which Stefan Zweig builds a composite picture of the European mind through intellectual portraits selected from among its most representative and influential figures In Hölderlin Kleist and Nietzsche Zweig concentrates on three giants of German literature to portray the artist and thinker as a figure possessed by a powerful inner vision at odds with the materialism and scientific positivism of his time in this case the nineteenth century Zweig's subjects here are respectively a lyric poet a dramatist and writer of novellas and a philosopher Each led an unstable life ending in madness and or suicide and not until the twentieth century did each make their full impact Whereas the nineteenth century novel is socially capacious in terms of subject and audience the three figures treated here are prophets or forerunners of modernist ideas of alienation and exile Hölderlin and Kleist consciously opposed the worldly harmoniousness of Goethe's classicism in favor of a visionary inwardness and dramatisation of the subjective psyche Nietzsche set himself as a destroyer and rebuilder of philosophy and critic of the degradation of the German spirit through nationalism and militarism Zweig's choice of subjects reflects a division in his own soul The image of Goethe recurs here as the ultimate upholder of Zweig's own ideals scientist and artist receptive to world culture supremely rational and prudent Yet Zweig was aware that Hölderlin Kleist and Nietzsche were more daring explorers of the dangerous and destructive aspects of man that needed to be seen and comprehended in the clarifying light of poetry and philosophy **The Struggle with the Daemon: Hölderlin, Kleist, Nietzsche** Stefan Zweig, 2019-08-15 Stefan Zweig's literary portraits of three tormented giants of German literature Friedrich Hölderlin Heinrich von Kleist and Friedrich Nietzsche contrasts them with Goethe who was anchored in place by profession home and family For Zweig everyone whose nature excels the commonplace everyone whose impulses are creative wrestles inevitably with his daemon which Zweig describes as the incorporation of that tormenting leaven which impels our being towards danger immoderation ecstasy renunciation and even self destruction In these essays Zweig depicts the tragic and sublime lifelong struggle by three great creative minds with their respective daemons *The Struggle with the Daemon* Stefan Zweig, 2012-07-24 The Struggle with the Daemon is a brilliant analysis of the European psyche by the great novelist and biographer Stefan Zweig Zweig studies three giants of German literature and thought Friedrich Hölderlin Heinrich von

Kleist and Friedrich Nietzsche powerful minds whose ideas were at odds with the scientific positivism of their age troubled spirits whose intoxicating passions drove them mad but inspired them to great works In their struggle with their inner creative force Zweig reflects the conflict at the heart of the European soul between science and art reason and inspiration Both highly personal and philosophically wide ranging this is one of the most fascinating of Zweig s renowned biographical studies

**The Fight with the Demon** Stefan Zweig,2021-04-25 The great writer and biographer s Stefan Zweig s work *The Fight with the Daemon* is a superb study of the European psyche Friedrich Holderlin Heinrich von Kleist and Friedrich Nietzsche are three giants of German literature and thinking They were powerful minds whose thoughts clashed with the logical positivism of their time troubled souls whose intoxicating emotions made them insane but inspired them to great works Stefan Zweig represents the tension at the core of the European soul between science and art cause and imagination in their battle with their inner artistic power This is the most interesting of his esteemed biographical studies as it is both intensely intimate and philosophically wide ranging

**Nietzsche, Godfather of Fascism?** Jacob Golomb,Robert S. Wistrich,2024-11-01 *Nietzsche the Godfather of Fascism* What can Nietzsche have in common with this murderous ideology Frequently described as the radical aristocrat of the spirit Nietzsche abhorred mass culture and strove to cultivate an *bermensch* endowed with exceptional mental qualities What can such a thinker have in common with the fascistic manipulation of the masses for chauvinistic goals that crushed the autonomy of the individual The question that lies at the heart of this collection is how Nietzsche came to acquire the deadly honor of being considered the philosopher of the Third Reich and whether such claims had any justification Does it make any sense to hold him in some way responsible for the horrors of Auschwitz The editors present a range of views that attempt to do justice to the ambiguity and richness of Nietzsche s thought First rate contributions by a variety of distinguished philosophers and historians explore in depth Nietzsche s attitudes toward Jews Judaism Christianity

anti-Semitism and National Socialism They interrogate Nietzsche's writings for fascist and anti-Semitic proclivities and consider how they were read by fascists who claimed Nietzsche as their intellectual godfather There is much that is disturbingly antiegalitarian and antidemocratic in Nietzsche and his writings on Jews are open to differing interpretations Yet his emphasis on individualism and contempt for German nationalism and anti-Semitism put him at stark odds with Nazi ideology The Nietzsche that emerges here is a tragic prophet of the spiritual vacuum that produced the twentieth century's totalitarian movements the thinker who best diagnosed the pathologies of fin de siècle European culture Nietzsche dared to look into the abyss of modern nihilism This book tells us what he found The contributors are Menahem Brinker Daniel W Conway Stanley Corngold Kurt Rudolf Fischer Jacob Golomb Robert C Holub Berel Lang Wolfgang Müller Lauter Alexander Nehamas David Ohana Roderick Stackelberg Mario Sznajder Geoffrey Waite Robert S Wistrich and Yirmiyahu Yovel

**Nietzsche and Zion** Jacob Golomb, 2018-09-05 Nietzsche's ideas were widely disseminated among and appropriated by the first Hebrew Zionist writers and leaders It seems quite appropriate then that the first Zionist Congress was held in Basle where Nietzsche spent several years as a professor of classical philology This coincidence gains profound significance when we see Nietzsche's impact on the first Zionist leaders and writers in Europe as well as his presence in Palestine and later in the State of Israel from the Introduction The early Zionists were deeply concerned with the authenticity of the modern Jew qua person and with the content and direction of the reawakening Hebrew culture Nietzsche too was propagating his highest ideal of a personal authenticity Yet the affinities in their thought and the formative impact of Nietzsche on the first leaders and writers of the Zionist movement have attracted very little attention from intellectual historians Indeed the antisemitic uses to which Nietzsche's thought was turned after his death have led most commentators to assume the philosopher's antipathy to Jewish aspirations Jacob Golomb proposes a Nietzsche whose sympathies overturn such preconceptions and details for the first time how Nietzsche's philosophy inspired Zionist leaders ideologues and writers to create a modern Hebrew culture Golomb cites Ahad Ha'am Micha Josef Berdichevski Martin Buber Theodor Herzl Max Nordau and Hillel Zeitlin as examples of Zionists who dared to look into Nietzsche's abyss This book tells us what they found *Nietzsche and Soviet Culture* Bernice Glatzer Rosenthal, 1994-09-22 This 1994 pioneering study documents the extent and diversity of the impact of Nietzschean ideas on Soviet literature and culture It shows how these ideas unacknowledged and reworked entered and shaped that culture and stimulated the imagination of both supporters and detractors of the regime

**Nietzsche's Presence in Freud's Life and Thought** Ronald Lehrer, 1995-01-01 This book examines the nature of Freud's relationship to the philosopher Friedrich Nietzsche Nietzsche regarded himself among other things as a psychologist His psychological explorations included an understanding of the meaning and function of dreams the unconscious sublimation of drives drives turned inward upon the self unconscious guilt unconscious envy unconscious resistance and much more that anticipated some of Freud's fundamental psychoanalytic concepts Although Freud wrote of Nietzsche having anticipated

psychoanalytic concepts he denied that Nietzsche had any influence on his thought      **Freud and Nietzsche** Paul-Laurent Assoun,2006-12-12 Many of the leading Freudian analysts including in the early days Jung Adler Reich and Rank attempted to link the writings of Nietzsche with the clinical work of Freud But what was Nietzsche to Freud an intuitive anticipation a precursor a rival psychologist Assoun moves beyond the seduction of these attractive analogues to a deeper analysis of the relation between these two figures      **Laboratory for World Destruction** Robert S. Wistrich,2007 Published and distributed for the Vidal Sassoon International Center for the Study of Antisemitism During the sixty years between the founding of Bismarck's German Empire and Hitler's rise to power German speaking Jews left a profound mark on Central Europe and on twentieth century culture as a whole How would the modern world look today without Einstein Freud or Marx Without Mahler Schoenberg Wittgenstein or Kafka Without a whole galaxy of other outstanding Jewish scientists poets playwrights composers critics historians sociologists psychoanalysts jurists and philosophers How was it possible that this vibrant period in Central European cultural history collapsed into the horror and mass murder of the Nazi Holocaust Was there some connection between the dazzling achievements of these Jews and the ferocity of the German backlash Robert S Wistrich's Laboratory for World Destruction is a bold and penetrating study of the fateful symbiosis between Germans and Jews in Central Europe which culminated in the tragic denouement of the Holocaust Wistrich shows that the seeds of the catastrophe were already sown in the Hapsburg Empire which would become in Karl Kraus's words an experimental station in the destruction of the world Featured are incisive chapters on Freud Herzl Lueger Kraus Nordau Nietzsche and Hitler along with a sweeping panorama of the golden age of Central European Jewry before the lights went out in Europe      **The Portable Nietzsche** Friedrich Nietzsche,1977-01-27 A captivating collection of Friedrich Nietzsche's seminal works from his provocative musings on truth and morality to his profound exploration of human existence In this volume one may very conveniently have a rich review of one of the most sensitive passionate and misunderstood writers in Western or any literature Newsweek Few writers in any age were so full of ideas Walter Kaufmann from the Introduction The works of Friedrich Nietzsche have fascinated readers around the world ever since the publication of his first book more than a hundred years ago yet few writers have been so consistently misinterpreted The Portable Nietzsche includes Walter Kaufmann's definitive translations of the complete and unabridged texts of Nietzsche's four major works Twilight of the Idols The Antichrist Nietzsche Contra Wagner and Thus Spoke Zarathustra In addition Kaufmann brings together selections from his other books notes and letters to give a full picture of Nietzsche's development versatility and inexhaustibility Penguin Classics is the leading publisher of classic literature in the English speaking world representing a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators      **Dostoevsky by Zweig** Stefan Zweig,2019-08-16 This is the third essay of Stefan Zweig's Three

Masters Balzac Dickens Dostoevsky written in the early 20th century Part biography part literary criticism part cultural history the essay offers a window onto how a Central European regarded the Russian master who died in 1881 the year Zweig was born Dostoevsky's genius in Zweig's view owed a debt to his illness as Tolstoy's did to his radiant health Illness enabled Dostoevsky to soar upward into a sphere of such concentrated feeling as is rarely experienced by normal men it permitted him to penetrate into the underworld of the emotions into the submerged regions of the psyche This essay is one of the best examples of Zweig's psychologically informed literary criticism

**Nietzsche's Dawn** Keith Ansell-Pearson, Rebecca Bamford, 2020-12-14 The first focused study of Nietzsche's *Dawn* offering a close reading of the text by two of the leading scholars on the philosophy of Nietzsche Published in 1881 *Dawn Thoughts on the Presumptions of Morality* represents a significant moment in the development of Nietzsche's philosophy and his break with German philosophic thought Though groundbreaking in many ways *Dawn* remains the least studied of Nietzsche's work In *Nietzsche's Dawn Philosophy Ethics and the Passion of Knowledge* authors Keith Ansell Pearson and Rebecca Bamford present a thorough treatment of the second of Nietzsche's so called free spirit trilogy This unique book explores Nietzsche's philosophy at the time of *Dawn*'s writing and discusses the modern relevance of themes such as fear superstition terror and moral and religious fanaticism The authors highlight *Dawn*'s links with key areas of philosophical inquiry such as the art of living well skepticism and naturalism The book begins by introducing *Dawn* and discussing how to read Nietzsche his literary and philosophical influences his relation to German philosophy and his efforts to advance his free spirit philosophy Subsequent discussions address a wide range of topics relevant to *Dawn* including presumptions of customary morality hatred of the self free minded thinking and embracing science and the passion of knowledge Providing a lively and imaginative engagement with Nietzsche's text this book Highlights the importance of an often neglected text from Nietzsche's middle writings Examines Nietzsche's campaign against customary morality Discusses Nietzsche's responsiveness to key Enlightenment ideas Offers insights on Nietzsche's philosophical practice and influences Contextualizes a long overlooked work by Nietzsche within the philosopher's life of writing Like no other book on the subject *Nietzsche's Dawn Philosophy Ethics and the Passion of Knowledge* is a must read for advanced undergraduate and graduate students instructors and scholars in philosophy as well as general readers with interest in Nietzsche particularly his middle writings

**Reading Heidegger's Black Notebooks 1931-1941** Ingo Farin, Jeff Malpas, 2018-02-09 Heidegger scholars consider the philosopher's recently published notebooks including the issues of Heidegger's Nazism and anti-Semitism For more than forty years the philosopher Martin Heidegger logged ideas and opinions in a series of notebooks known as the Black Notebooks after the black oilcloth booklets into which he first transcribed his thoughts In 2014 the notebooks from 1931 to 1941 were published sparking immediate controversy It has long been acknowledged that Heidegger was an enthusiastic supporter of the Nazi Party in the early 1930s But the notebooks contain a number of anti-Semitic passages often referring to the stereotype of World Jewry written even after

Heidegger became disenchanted with the Nazis themselves Reactions from the scholarly community have ranged from dismissal of the significance of these passages to claims that the anti-Semitism in them contaminates all of Heidegger's work This volume offers the first collection of responses by Heidegger scholars to the publication of the notebooks In essays commissioned especially for the book the contributors offer a wide range of views addressing not only the issues of anti-Semitism and Nazism but also the broader questions that the notebooks raise Contributors Babette Babich Andrew Bowie Steven Crowell Fred Dallmayr Donatella Di Cesare Michael Fagenblat Ingo Farin Gregory Fried Jean Grondin Karsten Harries Laurence Paul Hemming Jeff Malpas Thomas Rohkr mer Tracy B Strong Peter Trawny Daniela Vallega Neu Friedrich Wilhelm von Herrmann Nancy A Weston Holger Zaborowski Gallimaufry Joseph Epstein, 2020-10-15 Who is the greatest living essayist writing in English Joseph Epstein would surely be at the top of anybody's list Epstein is penetrating He is witty He has a magic touch with words that hard to define but immediately recognizable quality called style Above all he is impossible to put down Joseph Epstein's Gallimaufry A Collection of Essays Reviews Bits is the fifth such volume from Axios Press and contains 58 essays Subjects range from domestic life to current social trends to an appraisal of contemporary nuttiness It follows the much acclaimed Essays in Biography 2012 A Literary Education and Other Essays 2014 Wind Sprints Shorter Essays 2016 and The Ideal of Culture Essays 2018 After reading Epstein we see life with a fresh eye We also see ourselves a little more clearly This is what Plutarch intended life teaching by example but with a wry smile and such a sure hand that we hardly notice the instruction It is just pure pleasure **Conversations with Rilke** Maurice Betz, 2025-07-29 An intimate portrait of Rainer Maria Rilke's life and art in interwar Paris by his friend and translator offering unparalleled insight into the creative process A stunningly written deeply personal biography that's also a master class in the art of translation perfect for fans of Richard Holmes Lydia Davis Kate Briggs and Julian Green From walks in the Luxembourg Garden to letters describing tea with an irascible Tolstoy Rainer Maria Rilke's French translator Maurice Betz enjoyed a rare intimacy with the great poet This book inspired by their time working together on the 1st French translation of Rilke's only novel invites the reader into that friendship offering glimpses of Rilke's creative process and the glittering cultural scene of interwar Paris Betz first came to Rilke as an admirer carrying a book of his poems in his kit bag while serving as a soldier in World War I No other writer meant so much to him and Rilke would come to mean even more once their fruitful partnership began lasting until the poet's death in 1926 Together they spent the spring and summer of 1925 editing Betz's translation of The Notebooks of Malte Laurids Brigge a painstaking process interrupted by companionable walks through the streets of Paris and vivaciously told anecdotes from the poet's starry social world This elegant and poignant look at the great writer's final years drawn from Betz's memories and the letters Rilke sent from his travels across Europe provides a portrait of a brilliant mind an evocation of a lost world and a testament to an enduring friendship **Heidegger and Classical Thought** Aaron Turner, 2024-09-01 Explores Martin Heidegger's rich and profound engagement with ancient philosophy and literature

and demonstrates both his essential place within the discourse of classical studies and the fundamental significance of classical thought for his own work. Despite a sustained and fruitful relationship with the classical philologists of his day, Martin Heidegger's status among classicists has long since been strained, especially in the Anglophone tradition. *Heidegger and Classical Thought* reemphasizes both Heidegger's importance to classical discourse and the significance of classical discourse for Heidegger's own work. The essays found in this book demonstrate the depth and breadth of Heidegger's engagement with classical thought throughout his life, from his early engagements with Aristotle and Plato to his profound readings of the early Greek thinkers. At the same time, this book shows how reading Heidegger's interpretation of classical thought offers new and innovative ways to approach and study antiquity.
