Discusses the characters, plot, and writing of *Night* by Elie Wiesel. Includes critical essays on the novel and a brief biography of the author. *Teaching Integrated Reading Strategies in the Middle School Library Media Center* Kathleen M. Alley, 2008-06-30. Drawing on the success of the popular elementary level book *Teaching Reading Strategies in the School Library*, Walker and Shaw Libraries Unlimited, 2004, this title will provide library media specialists with a resource to help integrate research-based reading strategies into the middle school library curriculum as part of the library lesson. The strategies discussed are those commonly used by teachers in the classroom and are easily adapted to use in the library media center, allowing library teachers to support school-wide reading initiatives through instruction while sharing appreciation of literature. Reading strategies are incorporated in a chapter format explaining the strategy and benefits of integration as well as offering resources, a review of the relevant research methods, and a clear step-by-step approach to instruction. Chapters share general knowledge about reading instruction and illustrate how media specialists can incorporate specific examples, including reproducible items and graphic organizers. The overall outline of the book parallels the usual reading instructional pattern of strategies to use before, during, and after reading. Grades 6-8. *Co-Teaching for English Learners* Maria G. Dove, Andrea Honigsfeld, 2017-09-27. Because teacher collaboration isn't an option, it's a MUST. EL authorities Maria Dove and Andrea Honigsfeld take ESL teachers and their general education colleagues step-by-step through building a successful collaboration or improving an existing one. And since no teaching team is exactly alike, you'll find seven collaborative models to choose from. Features include in-depth profiles of the seven models, advantages and challenges of each model, clear explanations of each teacher's role, tried and true strategies for the entire instructional cycle: co-planning, co-instruction, co-assessment, and reflection, real-life accounts from co-teaching veterans, accompanying videos, and dedicated web content. **Elie Wiesel and the Art of Storytelling** Rosemary Horowitz, 2014-11-01. Elie Wiesel is a master storyteller with the ability to use storytelling as a form of activism. From his landmark memoir *Night* to his novels and numerous retellings of Hasidic legends, Wiesel's literature emphasizes storytelling, and he frequently refers to himself as a storyteller rather than an author or historian. In this work, essays examine Wiesel's roots in Jewish storytelling traditions, influences from religious folk and secular sources, education, Yiddish background, Holocaust experience, and writing style. Emphasized throughout is Wiesel's use of multiple sources in an effort to reach diverse audiences. **Night Novel Units Teacher Guide** Novel Units, 1998-12. Activities to be used in the classroom to
