This informative two-volume set provides readers with an understanding of the fads and crazes that have taken America by storm from colonial times to the present. What murdered Russian princess can be seen in one of the first documented selfies taken in 1914? This book answers those questions and more in its documentation of all of the most captivating trends that have defined American popular culture since before the country began. Entries are well researched and alphabetized by decade. At the start of every section is an insightful historical overview of the decade, and the set uniquely illustrates what today's readers have in common with the past. They're all guilty pleasures, and they're all celebrated in this massive A to Z encyclopedia. Authors Sam Stall, Lou Harry, and Julia Spalding have unearthed fascinating trivia about literature, Valley of the Dolls, The Sports Illustrated Swimsuit Issue, television, The Real World, Land of the Lost, fashion, Members Only jackets, the Wonderbra, and more. Every page features a sophisticated two-column design and handy guide words for quick at-a-glance reference. The murderer was never caught, yet film and television depicts a killer with a recognisable costume, motive, and persona. This book examines the origins of the screen presentation of the four key elements associated with the murders: Jack the Ripper, the victims, the detective, and Whitechapel. Nineteenth-century history, art, and literature, psychoanalytical theories of Freud and Jung, and feminist film theory are all used to deconstruct the representation of Jack the Ripper on screen. **The Bond** Lynne McTaggart, 2012-06-05 McTaggart's groundbreaking work reveals the latest
