The Literary Mafia Josh Lambert,2022-07-26 An investigation into the transformation of

publishing in the United States from a field in which Jews were systematically excluded to one in which they became ubiquitous From the very first page this book is funnier and more gripping than a book on publishing has any right to be Anyone interested in America s intellectual or Jewish history must read this and anyone looking for an engrossing story should Emily Tamkin author of *Bad Jews* In the 1960s and 1970s complaints about a Jewish literary mafia were everywhere Although a conspiracy of Jews colluding to control publishing in the United States never actually existed such accusations reflected a genuine transformation from an industry notorious for excluding Jews to one in which they arguably had become

the most influential figures Josh Lambert examines the dynamics between Jewish editors and Jewish writers how Jewish women exposed the misogyny they faced from publishers and how children of literary parents have struggled with and benefited from their inheritances Drawing on interviews and tens of thousands of pages of letters and manuscripts The Literary Mafia offers striking new discoveries about celebrated figures such as Lionel Trilling and Gordon Lish and neglected fiction by writers including Ivan Gold Ann Birstein and Trudy Gertler In the end we learn how the success of one minority group has lessons for all who would like to see American literature become more equitable

Sacred Ritual, Profane Space Jenn Cianca,2018-05-23 The first three centuries of Christianity are increasingly seen in modern scholarship as sites of complexity Sacred Ritual Profane Space examines the Christian meeting places of the time and overturns long held notions about the earliest Christians as utopian rather than place bound people By mapping what is known from early Christian texts onto the archaeological data for Roman domestic spaces Jenn Cianca provides a new lens for examining the relationship between early Christianity and sites of worship She proposes that not only were Roman homes sacred sites in their own right but they were also considered sacred by the Christian communities that used them In many cases meeting space would have included the presence of the Roman domestic cult shrines Despite the fact that the domestic cult was polytheistic Cianca asserts that its practices likely continued in places used for worship by Christians She also argues that continued practice of the domestic cult in Roman domestic spaces did not preclude Christians from using houses as churches or from understanding their rituals or their meeting places as sacred Raising a host of questions about identity ritual affiliation and domestic practice Sacred Ritual Profane Space demonstrates how sacred space was constructed through ritual enactment in early Christian communities

Rhetorics of Insecurity Zeynep Gambetti,Marcial Godoy-Anativia,2013-08-23 In Rhetorics of Insecurity Zeynep Gambetti and Marcial Godoy Anativia bring together a select group of scholars to investigate the societal ramifications of the present day concern with security in diverse contexts and geographies The essays claim that discourses and practices of security actually breed insecurity rather than merely being responses to the latter By relating the binary of security insecurity to the binary of neoliberalism neoconservatism the contributors to this volume reveal the tensions inherent in the proliferation of individualism and the concurrent deployment of techniques of societal regulation around the globe Chapters explore the phenomena of indistinction reversal of terms ambiguity and confusion in security

discourses Scholars of diverse backgrounds interpret the paradoxical simultaneity of the suspension and enforcement of the law through a variety of theoretical and ethnographic approaches and they explore the formation and transformation of forms of belonging and exclusion Ultimately the volume as a whole aims to understand one crucial question whether securitized neoliberalism effectively spells the end of political liberalism as we know it today Zeynep Gambetti is Associate Professor of Political Theory at Bogazici University Istanbul Marcial Godoy Anativia is Associate Director of the Hemispheric Institute of Performance and Politics at New York University where he serves as coeditor of its online journal *e misf rica*
