Nightmares Of Fidel Fidel S Nightmares On His Deadbed:

The Armageddon Letters James G. Blight, Janet M. Lang, Andrew Whyte, Koji Masutani, 2012-09-14 On the 50th anniversary of the Cuban Missile Crisis *The Armageddon Letters* Kennedy Khrushchev Castro in the Cuban Missile Crisis recreates the drama of those tumultuous days as experienced by the leaders of the three countries directly involved They poignantly document the America's Backyard Grace Livingstone, 2013-04-04 The United States has shaped Latin American history condemning it to poverty and inequality by intervening to protect the rich and powerful America's Backyard tells the story of that intervention Using newly declassified documents Grace Livingstone reveals the US role in the darkest periods of Latin American history including Pinochet's coup in Chile the Contra War in Nicaragua and the death squads in El Salvador She shows how George W Bush's administration used the War on Terror as a new pretext for intervention how it tried to destabilise leftwing governments and push back the pink tide washing across the Americas America's Backyard also includes chapters on drugs economy and culture It explains why US drug policy has caused widespread environmental damage yet failed to reduce the supply of cocaine and it looks at the US economic stake in Latin America and the strategies of the big corporations Today Latin Americans are demanding respect and an end to the Washington Consensus Will the White House listen *Hit List* Richard Belzer, David Wayne, 2016-06-07 Richard Belzer and David Wayne are back to set the record straight after *Dead Wrong* this time they're going to uncover the truth about the many witness deaths tied to the JFK assassination For decades government pundits have dismissed these coincidental deaths even regarding them as myths as urban legends Like most people Richard and David were initially unsure about what to make of these coincidences After all events don't consult the odds prior to happening they simply happen Then someone comes along later and figures out what the odds of it happening were Some of the deaths seemed purely coincidental heart attacks hunting accidents Others clearly seemed noteworthy witnesses who did seem to know something and did seem to die mysteriously *Hit List* is a fair examination of the evidence of each case leading to necessarily different conclusions The findings were absolutely staggering as some cases were clearly linked to a clean up operation after the murder of President Kennedy while others were the result of other forces The impeccable research and writing of Richard Belzer and David Wayne show that if the government is trying to hide anything they're the duo who will uncover it **The American Spectator**, 1992 **Arts & Humanities Citation Index**, 2002 **"History Will Absolve Me ..."
