The British Library General Catalogue of Printed Books to 1975 British Library, Jim Emmett, 1979 *The Publishers' Circular and the Publisher & Bookseller*, 1937 *The Making of T.S. Eliot* Joseph Maddrey, 2009-05-13 This chronological survey of major influences on T S Eliot's worldview covers the poet's spiritual and intellectual evolution in stages by trying to see the world as Eliot did. It examines his childhood influences as well as the literary influences that inspired him to write his earliest poetry, his life as an American expatriate living in London from 1915 to 1930 including his ill-fated marriage and his intellectual engagement with the literary traditions of his new country and the ways in which his intellectual pursuits fostered a spiritual rebirth that simultaneously reflected his past and revealed his future demonstrating how the early Romantic revolutionary became a staunch defender of tradition **Letters of T. S. Eliot Volume 10: 1942-1944** T. S. Eliot, 2025-07-29 What is accomplished by this sort of cultural warfare is impossible to say but it is a part of total warfare which one must as an individual accept one's part in. At the height of the Second World War T S Eliot commits himself to fighting for the cultural values of Europe. He goes on a lecture tour of Sweden, he writes talks for the BBC, he reads poems for the Czechoslovak Centre for Aid to Russia and for the French in Britain. He lectures on The Music of Poetry in Glasgow, addresses the Classical Association, talks at the Moot and visits organisations including the Anglo-Swedish Society and the British Norwegian Institute and he works for the Christian News Letter. He serves as President of the English Circle of Books Across the Sea and as first President of the Virgil Society. He feels exhausted by travel and performance but remains stalwart. And always there is the threat in London, he has no regular habitation of being bombed. I have taken to sleeping in my teeth. Contacts and correspondents during these dark days include the film director George Hollering for whom he struggles to adapt his play *Murder in the Cathedral*. Kenneth Clark, Henry Moore, David Jones, William Empson, Mary Trevelyan, Karl Mannheim, Louis MacNeice, Elizabeth Bowen, M J Tambimuttu, Edith Sitwell and Reinhold Niebuhr. Notable poets recruited to the Faber fold include Lawrence Durrell, Anne Ridler and Norman Nicholson. Eliot's own creative energies are focused on completing *Little Gidding*, the final poem of the supernal sequence *Four Quartets*. The series of letters to John Hayward who advises him is a tour de force of the art, full of news, merriment and mischief *Handbook of the American Novel of the Twentieth and Twenty-First Centuries* Timo Müller, 2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts. These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading. As a result, students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s, much of which relies on dated methodological and ideological presuppositions. The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate, from James's *The Ambassadors* to McCarthy's *The Road*. These readings do not revert naively to a time before theory. Instead, they distil the

insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification

Letters of T. S. Eliot Volume 8 T. S. Eliot, 2019-01-15 Eliot is called upon to become the completely public man He gives talks lectures readings and broadcasts and even school prize day addresses As editor and publisher his work is unrelenting commissioning works ranging from Michael Roberts's *The Modern Mind* to Elizabeth Bowen's anthology *The Faber Book of Modern Stories* Other letters reveal Eliot's delight in close friends such as John Hayward Virginia Woolf and Polly Tandy and his colleagues Geoffrey Faber and Frank Morley as well as his growing troupe of godchildren to whom he despatches many of the verses that will ultimately be gathered up in *Old Possum's Book of Practical Cats* 1939 The volume covers his separation from first wife Vivien and tells the full story of the decision taken by her brother following the best available medical advice to commit her to an asylum after she had been found wandering in the streets of London All the while these numerous strands of correspondence are being played out Eliot struggles to find the time to compose his second play *The Family Reunion* 1939 which is finally completed in 1938

Exhausted Ecologies Andrew Kalaidjian, 2020-01-23 Modern literature and environmentalism combined ecology psychology and aesthetics to restore communal well being to the United Kingdom after world war

The Cambridge Companion to American Gay and Lesbian Literature Scott Herring, 2015-05-26 Writing anything definitive about the queer American novel will always be unsatisfying if not impossible Unsatisfying because the romances they contain are uncertain and quite often doomed heartbreak violence and persecution pepper nearly every page Impossible because the genre's terrain is as vast and uncertain as America itself the spaces the characters plots ideas and dynamics too varied The minute you say one thing you could say another And perhaps that might be the point As one character from Djuna Barnes's lesbian novel *Nightwood* puts it With an American anything can be done 1 We could say the same about the queer American novel If there is anything consistently connecting this genre it is that it features however obliquely the effects characters usually American but not always have as they seek reasons for why they have sexual feelings for those that are not obvious or traditional object choices Frequently these effects instruct characters in their pursuit of self knowledge and self understanding especially if others have pathologized their desires and America has and does pathologize its queers In her autobiographical graphic memoir *Fun Home* Alison Bechdel tells a story of a variety of discoveries that books explicitly queer or not can inspire During the same afternoon when she acknowledges that she is a lesbian she also finds herself asking a professor to let her take his course on James Joyce's *Ulysses* her father's favorite book As we move from the captions and the meticulous stylized drawings canonical books acquire an increasingly important role books become guides to how Bechdel will affect a convergence with her abstracted father

Lateness and Modern European Literature Ben Hutchinson,2016-09-08 Modern European literature has traditionally been seen as a series of attempts to assert successive styles of writing as new In this groundbreaking study Ben Hutchinson argues that literary modernity can in fact be understood not as that which is new but as that which is late Exploring the ways in which European literature repeatedly defines itself through a sense of senescence or epigonality Hutchinson shows that the shifting manifestations of lateness since romanticism express modernity s continuing quest for legitimacy With reference to a wide range of authors from Mary Shelley Chateaubriand and Immermann via Baudelaire Henry James and Nietzsche to Valery Djuna Barnes and Adorno he combines close readings of canonical texts with historical and theoretical comparisons of numerous national contexts Out of this broad comparative sweep emerges a taxonomy of lateness of the diverse ways in which modern writers can be understood in the words of Nietzsche as creatures facing backwards Ambitious and original Lateness and Modern European Literature offers a significant new model for understanding literary modernity

Schrödinger Walter Moore,2015-10-06 Erwin Schrödinger was a brilliant and charming Austrian a great scientist and a man with a passionate interest in people and ideas In this the first comprehensive biography of Schrödinger Walter Moore draws upon recollections of Schrödinger s friends family and colleagues and on contemporary records letters and diaries Schrödinger s life is portrayed against the backdrop of Europe at a time of change and unrest His best known scientific work was the discovery of wave mechanics for which he was awarded the Nobel prize in 1933 Schrödinger led a very intense life both in his scientific research and in his personal life Walter Moore has written a highly readable biography of this fascinating and complex man which will appeal not only to scientists but to anyone interested in the history of our times and in the life and thought of one of the great men of twentieth century science

Secrecy and Sapphic Modernism S. Nair,2011-12-06 Novels by significant Modernist authors can be described as romans clef providing insight into restrictions governing the representation of female homosexuality in the early twentieth century Nair argues that key novels of the period represented same sex desire through the encryption of personal references directed towards coterie audiences

Djuna Barnes, T. S. Eliot and the Gender Dynamics of Modernism Monika Lee,2010-06-10 This study looks at the origins of the modernist movement linking gender modernism and the literary before considering the bearing these discourses had on Djuna Barnes s writing The main contribution of this innovative and scholarly work is the exploration of the editorial changes that T S Eliot made to the manuscript of *Nightwood* as well as the revisions of the early drafts initiated by Emily Holmes Coleman The archival research presented here is a significant advance in the scholarship making this volume invaluable to both teachers and students of modern literature and Barnesian scholars

Uncanny Modernity Jo Collins,2008-04-01 This book explores the sense in which the uncanny may be a distinctively modern experience the way these unnerving feelings and unsettling encounters disturb the rational presumptions of the modern world view and the security of modern self identity just as the

latter may themselves be implicated in the production of these experiences as uncanny
