

# F4s

## THE CHOICE OF PROFESSIONAL PHOTOGRAPHERS EVERYWHERE

*Say the words "professional  
photography" and you'll literally be  
saying "Nikon F4s." The choice of  
professional photographers  
everywhere, the F4s epitomizes the  
combination of reliability and  
performance that professionals  
demand. Superb design, rugged  
construction, precision  
operation and  
the features  
professionals want most, have made  
this camera the acknowledged  
standard of 35mm photography  
throughout the world.*

### SUPERIOR CONSTRUCTION

Famous for its reliable performance, the F4s starts with a solid aluminum alloy, die-cast body. This bridge and hollow-wall design offers superb strength, rigidity and protection from corrosion. The mounting section of the standard Multi-Meter Finder and the interchangeable hand grip have also been die-cast for maximum strength.

### SHOCK ABSORBING EXTERIOR

In case of an accident, the rubber compound exterior covering of the F4s literally transforms itself to absorb shock. It then instantly regains its original shape. There's less chance of external or internal damage to the camera.

### OUTSTANDING INTRUSION RESISTANCE

The entire body and every lever and dial of the F4s has been designed to resist intrusion by moisture or dust. This camera has proven itself in virtually every environment on (and off) the Earth.

### VERTICAL TRAVEL SHUTTER

Designed and built by Nikon, the F4s's electromagnetically controlled, vertical-travel focal plane shutter enables super-fast operation up to 1/8000 sec. and 1/250 sec. flash sync. Four of the shutter's eight blades employ special epoxy plates with carbon fibers. The others are composed of aluminum alloy. All this means literally thousands of consistent exposures under intensive professional use.

### TUNGSTEN ALLOY SHUTTER BALANCER

This Nikon innovation ensures quick and efficient shutter curtain travel by absorbing vibrations which might blur pictures. Additionally, an efficient shutter braking system protects against shutter bounce.

Retro Camera Buying Guide: Getting Serious About Photography On the Cheap! Expanded and Revised Shawn M.

Tomlinson, 2018-04-17 A lot has changed since I wrote and published this first volume of what became this guide series One thing hasn't I still have the same enthusiasm and joy in photography I had way back at the beginning of the series I have a lot more knowledge and experience now and occasionally even get close to taking good photographs That's the thing see I didn't know a lot when I originally wrote this guide I had been working in photography since 1982 professionally Everything I knew pretty much was self taught In general that's still true There's no need for you to do it all by yourself too though This book and this series are meant to help you get going with the basics fast Yes OK I tend to relate my own experiences but that too is meant to help you avoid some basic mistakes I made And perhaps I write in a tad too friendly manner but think of it as sitting down with me to have a friendly talk about a passion we share Photography **Time: 2. Nemesis** Shawn M.

Tomlinson, 2016-12-17 Now what are you guys doing here Martin asked Not that it isn't great to see you but it usually means trouble and I already have that Got a whole bunch of military types Chloe probably told you who want to get me killed soon as possible Didn't think I'd see you leading the troops Trevor said And you won't if I can help it Martin said The military types came in handshakes around OK so what's the deal Martin asked Not another bloody Timenami I hope Until you get a better name for it count me out It's your old pal from just after The Fall Gen Shaw Gen Ted Dorne said Crazy ol Ratface Martin asked Figures He's decided the end of world wasn't good enough Dorne said He wants to finish us off Wants his own world more like Martin said Don't care Chloe said eying Martin We're not doing it Oh come on Martin said smiling at his bride to be It'll be fun We'll free a bunch of people and see the After the Fall sites **American Photo**, 1990-09 *Time: 1. Timenami*

Shawn M. Tomlinson, 2016-11-23 Martin sat in an old office chair It didn't seem odd in the New Old West saloon End of the world and all he thought He knew them the moment they walked in The man and woman were dressed right but out of place Evenin Martin said casually We understand you buy new technology the man said The lanky woman reached under her poncho and held a small black rectangular object out to him Martin looked at it said OK I give up What's it do The man dropped something and there was a blinding explosion Flash bang Martin thought as he holstered his pistol He scooped up the black rectangle shoved it in his pocket and left Back at his house Martin looked at the device set his drink down He pulled out a cheroot lit it examined the device closely His thumb ran along the flat surface and everything got loud suddenly There was a blast and white light and the room disappeared Martin felt rapid movement said Another mission and was gone

**The Film Photography Book** Shawn M. Tomlinson, 2016-07-24 Film is back And about time too We just were getting a little too comfortable with the idea of snapping selfies on our dumb phones at the ends of vanity sticks when film returned to slap us up Film is not for the faint of heart It takes serious effort serious time It costs money for each frame from buying the film to paying to develop it or developing it in a film tank Only those interested in the unique and fantastic look of film will

brave this path The Film Photography Book is for us those interested in all aspects of film photography from choosing cameras and lenses to choosing film and subjects to buying chemicals and processing The book can serve as a refresher to those who now are returning to film photography after a long absence and as a getting started course for those who never shot film in their lives It s an adventure a new Voyage of Photography part of Shawn M Tomlinson s Guide to Photography Series the beginning of a sub series about film photography Come on along      **American Photo - ND** ,1992-09      **Vol. 04: Photography: The Black & White Book** Shawn M. Tomlinson,2018-03-20 Photographer and writer Shawn M Tomlinson author of the Photo Curmudgeon column and books makes creating black and white and toned photos simple with this how to guide In a world dominated by colorful images black and white and toned photographs can stand out as something different something somehow more beautiful Tomlinson writes To really work in the 21st century a black and white or toned image must be special It must express something not there in color There must be a reason to change the reality of the image by turning it grayscale not just that you can All that said there is absolutely nothing like a truly great black and white image The author covers the basics of B W and toned photos including processing techniques printing presentation in eBooks and much more This is an expanded and revised edition of the original eBook and trade paperback editions      **Vol. 03: The 12 Steps of Photography** Shawn M. Tomlinson,2018-03-22 Everybody gives out tips for better photography Well maybe not your boss or the guy who fixes your furnace although mine does but most photography websites forums and magazines fill their pages with tips for becoming a better photographer There s a reason there are so many tips out there photographers want them On the other hand we who have some little knowledge like to give them too Most people like to pass on what they ve learned I ve been a photographer for nearly four decades I ve published thousands of photographs I write a photography column Photo Curmudgeon I love photography I read tips from other photographers often Sometimes I read something new or at least put in a new way so that it sparks an idea No one can tell you how to develop your photographer s eye Only you can figure that out What I can do is give you some pointers about how to develop your own photographer s eye and how to get better as a photographer      *A History of the Russian Church to 1488* John L. Fennell,2014-01-14 The Russian church is central to an understanding of early Russian and Slav history but for many years there has been no accessible up to date introduction to the subject in English until now The late John Fennell s last book is a masterly survey of the development nature and role of the early Church in Russia from Christianization of the country in 988 through Kievan and Tatar poeriods to 1448 when the Russian Church finally became totally independent of its mother church in Byzantium      **Popular Photography** ,1993-10      **Popular Photography** ,1996-11      **American Photographer** ,1986      **Robert W. Chambers: Master of The King in Yellow** Shawn M. Tomlinson,2015-11-08 It has taken me 37 years to write this biography of author Robert W Chambers Along the way I wrote and published many articles about him but did not complete the biography until 2014 I got the idea of writing it when I was 15 and the reason I got the idea is the same reason it has taken so long to write the book There simply

is not that much information about Chambers out there Despite his fame and thorough integration in New York high society very little was written about him during his lifetime This volume contains the Expanded Edition of the biography Robert W Chambers Maker of Moons as well as the collection of articles originally titled Robert W Chambers In Search of the Unknown Author of The King in Yellow      **Popular Photography** ,1996-10      **Popular Photography** ,1996-08      **American Photo** ,1993-01      Design Your Own Book: Get Started on Your Journey to Self-Publishing Shawn M. Tomlinson,2016-01-07 You ve done it You ve finished your novel or memoir or how to or poetry collection etc Sit back Breathe a sigh take a drink light a cigar You ve done it Now what Usually an author is so exhilarated by finishing a book that he or she doesn t really think about what s next Sure there are those dreams of every publisher knocking at your door starting a bidding war for your manuscript and your book becoming a best seller over night And that can happen It does occasionally but more often the hard work still is to come This book is not for those authors who get an agent who gets them editors who convince their publishers to publish their books This book is for those intrepid souls who decide the only way to maintain control over their books and or to make more money per book than with a traditional publisher is to self publish      **Popular Photography** ,1991-01      **Popular Photography** ,1995-04      **Popular Photography** ,1991-01
