Beyond Point-and-Shoot Darrell Young, 2012-04-23 There are two types of new photographers: those satisfied with their low cost point and shoot cameras and those more enthusiastic photographers who recognize the limitations of low cost equipment and want to improve their pictures. No longer satisfied with simple snapshots, the enthusiast moves up to a more complex digital camera, one with interchangeable lenses and manual controls to satisfy their artistic urge. Assuming little to no knowledge of photographic terms, techniques, or technology, *Beyond Point And Shoot* is intended to help smooth the transition from photographic newbie to real photographer who is experienced in control and passionate about their craft. Author Darrell Young explores various types of
