**Hubris** Michael Isikoff, David Corn, 2007-05-29 The real story behind the investigation of Iraq and the basis for the MSNBC documentary of the same name hosted by Rachel Maddow Filled with news making revelations that made it a New York Times bestseller Hubris takes us behind the scenes at the White House CIA Pentagon State Department and Congress to show how George W Bush came to invade Iraq and how his administration struggled with the devastating fallout Hubris connects the dots between Bush s expletive laden outbursts at Saddam Hussein the bitter battles between the CIA and the White House the fights within the intelligence community over Saddam s supposed weapons of mass destruction the outing of an undercover CIA officer and the Bush administration s misleading sales campaign for war Written by veteran reporters Michael Isikoff and David Corn this is an inside look at how a president took the nation to war using faulty and fraudulent intelligence It s a dramatic page turner and an intriguing account of conspiracy backstabbing bureaucratic ineptitude journalistic malfeasance and arrogance

**What Really Happened: the Story of Clinton Inc. 's Efforts to Rewrite Bill Clinton's Record on Iraq and Terrorism** Kevin Groenhagen, 2008-07-16 In What

Really Happened Kevin Groenhagen presents the facts concerning Bill Clinton's actual record on Iraq and terrorism. It's a record that is far different from what Clinton Inc and their allies in the media have been telling the American people during the past eight years. The facts Clinton Inc has attempted to rewrite include but are not limited to the following: The Clinton administration in 1998 claimed that al Qaeda reached an understanding with the government of Iraq that al Qaeda would not work against that government and that on particular projects specifically including weapons development al Qaeda would work cooperatively with the Government of Iraq. Secretary of Defense William Cohen in July 2000 said protecting the American people from the threat posed by axis of evil Iran Iraq and North Korea was the most important issue to address. Bill Clinton's policies vis a vis Iraq ultimately led to 9/11 and other messages with no words.

### **The Case for Impeachment**

Dave Lindorff, Barbara Olshansky, 2025-09-23. The war in Iraq. No bid contracts awarded to Halliburton. Hurricane Katrina. The CIA leak investigation. The story gets worse and worse. The evidence is glaring. George W Bush's record as a president is abysmal. And it's time to impeach him. The Case for Impeachment lays out the reasons why in a straightforward letter of the law manner. Mixing the cold hard facts with the lies and deceptions of this administration. The Case for Impeachment is a serious consideration of Bush's high crimes and misdemeanors while in office. This important and timely book will serve as a rallying cry for all those fed up with George W Bush's abuses of power. It's time for the American people and Congress to act. With so much at stake we have a president whose administration stands out in its criminality and disdain for the rule of law. The Case for Impeachment explains the legal history and grounds for impeaching George W Bush and brings forth more than a half dozen articles of impeachment the likes of Lying and inducing Congress and the American people into an unjust war. Allowing his friends and business cronies to profiteer off the war in Iraq. Authorizing torture and rendition of prisoners of war and suspected terrorists a complete violation of the Geneva Conventions a treaty the U.S. has signed and is therefore part of our law. Stripping American citizens of their Constitutional rights holding people with no charge wiretapping them illegally offering them no trial and never allowing them to face their accusers. Failing in almost every way possible to defend the homeland and our borders. Hard hitting and persuasive in its argument. The Case for Impeachment will be one of the most talked about political books for the pathetic remainder of the Bush Presidency.

### **Fair Game** Valerie Plame

Wilson, 2008-06-10. At last outed CIA operative Valerie Plame Wilson tells her story in her own words delivering a historic and unvarnished account of the personal and international consequences of speaking truth to power.

### **Courage and Consequence** Karl Rove, 2010-04-03

From the moment he set foot on it Karl Rove has rocked America's political stage. He ran the national College Republicans at twenty two and turned a Texas dominated by Democrats into a bastion for Republicans. He launched George W Bush to national renown by unseating a popular Democratic governor and then orchestrated a GOP White House win at a time when voters had little reason to throw out the incumbent party. For engineering victory after unlikely victory Rove became known as the Architect. Because of his success Rove has been

attacked his entire career accused of everything from campaign chicanery to ideological divisiveness In this frank memoir Rove responds to critics passionately articulates his political philosophy and defends the choices he made on the campaign trail and in the White House He addresses controversies head on from his role in the contest between Bush and Senator John McCain in South Carolina to the charges that Bush misled the nation on Iraq In the course of putting the record straight Rove takes on Democratic leaders who acted cynically or deviously behind closed doors and even Republicans who lacked backbone at crucial moments Courage and Consequence is also the first intimate account from the highest level at the White House of one of the most headline making presidencies of the modern age Rove takes readers behind the scenes of the bitterly contested 2000 presidential contest of tense moments aboard Air Force One on 9 11 of the decision to go to war in Afghanistan and Iraq of the hard won 2004 reelection fight and even of his painful three years fending off an indictment by Special Prosecutor Patrick Fitzgerald In the process he spells out what it takes to win elections and how to govern successfully once a candidate has won Rove is candid about his mistakes in the West Wing and in his campaigns and talks frankly about the heartbreak of his early family years But Courage and Consequence is ultimately about the joy of a life committed to the conservative cause a life spent in political combat and service to country no matter the costs

**The Fall of the House of Bush** Craig Unger, 2007-11-13 The presidency of George W Bush has led to the worst foreign policy decision in the history of the United States the bloody unwinnable war in Iraq How did this happen Bush's fateful decision was rooted in events that began decades ago and until now this story has never been fully told From Craig Unger the author of the bestseller House of Saud comes a comprehensive deeply sourced and chilling account of the secret relationship between neoconservative policy makers and the Christian Right and how they assaulted the most vital safeguards of America's constitutional democracy while pushing the country into the catastrophic quagmire in the Middle East that is getting worse day by day Among the powerful revelations in this book Why George W Bush ignored the sage advice of his father George H W Bush and took America into war How Bush was convinced he was doing God's will How Vice President Dick Cheney manipulated George W Bush disabled his enemies within the administration and relentlessly pressed for an attack on Iraq Which veteran government official with the assent of the president's father protested passionately that the Bush administration was making a catastrophic mistake and was ignored How information from forged documents that had already been discredited fourteen times by various intelligence agencies found its way into President Bush's State of the Union address in which he made the case for war with Iraq How Cheney and the neocons assembled a shadow national security apparatus and created a disinformation pipeline to mislead America and start the war A seasoned award winning investigative reporter connected to many back channel political and intelligence sources Craig Unger knows how to get the big story and this one is his most explosive yet Through scores of interviews with figures in the Christian Right the neoconservative movement the Bush administration and sources close to the Bush family as well as intelligence agents in the

CIA the Pentagon and Israel Unger shows how the Bush administration's certainty that it could bend history to its will has carried America into the disastrous war in Iraq dooming Bush's presidency to failure and costing America thousands of lives and trillions of dollars Far from ensuring our security the Iraq War will be seen as a great strategic pivot point in history that could ignite wider war in the Middle East particularly in Iran Provocative timely and disturbing *The Fall of the House of Bush* stands as the most comprehensive and dramatic account of how and why George W Bush took America to war in Iraq

**Shadow Warriors** Kenneth R. Timmerman, 2008-09-16 Timmerman contends that partisan bureaucrats at the State Department the CIA and other key agencies together with Democratic politicians are actively undermining the Bush administration policy at every turn thus gutting America's ability to fight the War on Terror *Revelations by Former White House Press Secretary Scott McClellan* United States. Congress. House. Committee on the Judiciary, 2009 *World War IV* Norman Podhoretz, 2007-09-11 For almost half a century as a magazine editor and as the author of numerous bestselling books and hundreds of articles Norman Podhoretz has helped drive the central political and intellectual debates in this country Now in this provocative and powerfully argued book he takes on the most controversial issue of our time the war against the global network of terrorists that attacked us on 9/11 **Going to War** Russ Hoyle, 2008-03-18 With the pacing of a thriller this investigative work methodically details the Bush administration's aggressive role in twisting intelligence about alleged weapons of mass destruction in order to fabricate a case for war with Iraq **Ten Great Lies That Threaten Western Civilization** Barry Howard Minkin, 2007-01-22 A renowned futurist explores the history and impact of public brainwashing through such institutions as schools religious groups the media government professional organizations the United Nations and the judicial system *The Limbaugh Letter*, 2005 *Toxic Mix?* Herbert N. Foerstel, 2009-12-09 This book presents a comprehensive analysis of the contentious relationship between the White House and the scientific community from the FDR administration to the Obama administration *Toxic Mix A Handbook of Science and Politics* takes a topic very much in the center of public debate in the last decade and places it in a revealing historical context It follows the often contentious relationship of science and politics from the FDR era to the current Obama administration highlighting the many highly charged moments when the two were in conflict *Toxic Mix* ranges across the major areas of scientific inquiry with public policy implications including atomic energy space science public health stem cells sexual reproduction environmental science global warming and evolution to examine important events where political imperatives and scientific research were at odds In addition the book looks at another important area where politics and science are at cross purposes immigration as many of our most accomplished degree earners are foreign born and are unable to stay and work in the United States A final chapter analyzes the attempts by the early Obama administration to build public policy that embraces science rather than manipulates it **The Global War on Terror** Todd A. Davis, 2008-09-24 The cataclysmic events of September 11 2001 destroyed the World Trade Center in New York and later the Pentagon was attacked by al Qaeda

terrorists The US government responded by invading Afghanistan on October 7 2001 and the global war on terror had begun The US and the UK would then invade Iraq on March 20th 2003 supposedly to stop Saddam Husseins WMD and the Iraqi regimes alleged ties to al Qaeda The Global War On Terror provides a thorough analysis of 9 11 the Iraq War the occupation of Iraq the British role in Iraq the expansion of the al Qaeda network and the breakdown of Iraq into sectarian war The Global War on Terror exposes the underlying political substructure to reveal o How both the FBI and CIA failed to understand the al Qaeda terrorist plot on 9 11 and failed to stop al Qaeda o How the Bush administration actually planned the invasion of Iraq before 9 11 o How the Pentagons Office of Special Plans exaggerated both Iraqs WMD threat and the alleged connection between al Qaeda and the Hussein regime o How American and British casualty levels greatly increased during the occupation of Iraq after combat operations ended with regard to the regime change in Iraq o How Iraq became a breeding ground for terrorism and how the Taliban would regroup in Afghanistan o How the Blair government would attempt to sanitize the David Kelly scandal and how intelligence operations were manipulated concerning the British invasion of Iraq o How the Plame gate affair would expose the Bush administrations intricate web of deceit in regard to the alleged Niger uranium and the role Vice President Dick Cheneys office played in the scandal o How the global war on terror would begin to unravel in Iraq amid the breakdown of Iraq into civil war and chaos

**Use and Misuse of Presidential Clemency Power for Executive Branch Officials** United States. Congress. House. Committee on the Judiciary,2008

**Sabotage** Rowan Scarborough,2007-07-16 How Bush hating CIA Bureaucrats Are Sabotaging the War on Terror Since the attacks on September 11 2001 intelligence collection has become the number one weapon in the effort to defeat al Qaeda and Osama bin Laden A plot penetrated is an attack stopped And to the outside observer the CIA has performed well as a key partner in the Bush administration s War on Terror But as Rowan Scarborough reveals in this groundbreaking new book significant elements within the CIA are undermining both the president and national security through leaks false allegations and outright sabotage

*Literature and Ethics* Daniel K. Jernigan,2009 Literature and Ethics covers a wide gamut of literary periods and genres including essays on Victorian literature and modernism as well as several studies on narrative but the central ethos emerges from considerations of issues of responsibility and irresponsibility as they find expression in literary study and in ethics Students and academics who are interested in literary theory ethics narrative form and issues of authorial responsibility and how such matters inform the reading of literary texts will find that this collection offers a wide array of approaches and viewpoints by major figures from the relevant sub disciplines in literary studies The collection offers much timely critical observation on a variety of contemporary authors but also provides critically adventurous commentaries on Victorian literature and on Indian African Irish and Australian literature The volume assembles a collection of essays that would illustrate the great diversity of methods by which considerations of responsibility can and do offer insight into a range of literary texts and theoretical discourses while also making a contribution to the philosophical question of responsibility

and irresponsibility in the contemporary world The collection as a whole testifies to the human fascination with issues of responsibility just as it testifies to the necessity of posing questions of responsibility as questions of ethics and literature the necessity of recognizing in other words that responsibility names a concept whose only ground is the history of those fictional narratives of responsibility and irresponsibility that modern civilization would do well to continue inventing and reflecting upon critically So whether ethical discourses find expression in theoretical debate or in and through the sophisticated fictions that constitute an imaginative culture what is clear both from wider discussions related to the value of literary texts that are such a central part of contemporary literary studies and from the varied and nuanced arguments that are made in this collection is that questions of responsibility are central to literature philosophy and the arts just as they are to the social realities that spawned them in the first place Literature and Ethics is an important book for all literature and literary theory collections It has specific resonance for students and teachers who are interested in the value of literary study and in questions of ethics and narrative
