Tourism and Gentrification in Contemporary Metropolises Maria Gravari-Barbas, Sandra Guinand, 2017-06-14 Tourism gentrification is a critical shaping force of socio economic and contemporary urban landscapes This book aims to be the first substantive text on this subject explaining the multiple and complex relationships between tourism and gentrification and their outcomes and manifestations

in contemporary metropolises This is achieved by drawing on in depth case analyses addressing the different issues at stake Part I deals with the manifestations of tourism gentrification and the ways it affects urban landscapes through heritagization and urban regeneration strategies Part II looks at the correlations between tourism gentrification and culture Finally the last two parts aim to identify and examine forms and expressions of tourism gentrification distinguishing among the actors beneficiaries and victims of the phenomenon while looking at its implications for intra metropolitan territories and metropolitan governance The book approaches these issues in an innovative way by looking at a variety of metropolises in a diverse range of countries and by dealing with the different relations and management issues generated by gentrification in relation to tourism Through interdisciplinary approaches this groundbreaking text sheds light on the role tourism plays in contemporary metropolises furthering knowledge of urban tourism For these reasons it will be of particular interest to scholars and students of tourism urban studies geography anthropology and sociology

Whose America? Jonathan Zimmerman, 2022-08-26 In this expanded edition of his 2002 book Zimmerman surveys how battles over public education have become conflicts at the heart of American national identity Critical Race Theory The 1619 Project Mask mandates As the headlines remind us American public education is still wracked by culture wars But these conflicts have shifted sharply over the past two decades marking larger changes in the ways that Americans imagine themselves In his 2002 book *Whose America* Zimmerman predicted that religious differences would continue to dominate the culture wars Twenty years after that seminal work Zimmerman has reconsidered arguments over what American history is what it means and how it is taught have exploded with special force in recent years In this substantially expanded new edition Zimmerman meditates on the history of the culture wars in the classroom and on what our inability to find common ground might mean for our future

Reappraisal and Deaccessioning in Archives and Special Collections Laura Uglean Jackson, 2019-07-26 Archivists and archival institutions are reappraising and deaccessioning now more than ever before Archival reappraisal and deaccessioning have become vital tools for managing archival collections *Reappraisal and Deaccessioning in Archives and Special Collections* is the first book dedicated entirely to the topic of reappraising and deaccessioning in special collections and archives This edited volume features 13 chapters offering informed opinions practical recommendations and valuable examples for reappraising and deaccessioning Readers will gain important insight into the most important element of reappraisal and deaccessioning decision making Through mostly case studies the chapters address important issues inherent in these practices including ethical concerns donor relations appraisal questions and disposition options The case studies cover collaborative and solo projects various material types such as manuscripts records and artifacts and a range of scenarios from major projects involving thousands of linear feet of material to ad hoc projects removing single items Chapter topics include weeding vs deaccessioning getting rid of contaminated materials donor driven deaccessioning and using reappraisal and deaccessioning to improve access to existing collections Readers will find beneficial information on streamlining

workflows carrying out procedures creating policies and implementing these practices locally Additionally the chapters cover the intricacies of disposition options such as transferring to other institutions returning material to donors and destruction This volume can serve as a valuable resource for large and small repositories experienced and novice archivists and those working with manuscript and archive collections Conservatism and Memory Politics in Russia and Eastern Europe Katalin Miklóssy, Markku Kangaspuro, 2021-12-13 This book discusses the diverse practices and discourses of memory politics in Russia and Eastern Europe It argues that currently prevailing conservatism has a long tradition which continued even in Communist times and is different to conservatism in the West which can accommodate other viewpoints within liberal democratic systems It considers how important history is for conservatism and how history is reconstituted according to changing circumstances It goes on to examine in detail values which are key to conservatism such as patriotism Christianity and religious life and the traditional model of the family the importance of the sovereign national state within globalization and the emphasis on a strong paternal state featuring hierarchy authority and political continuity The book concludes by analysing how far states in the region are experiencing a common trend and whether different countries conservative narratives are reinforcing each other or are colliding *Flight Risk* Forrest L. Marion, 2018-10-15 From the 1920s Afghanistan maintained a small air arm that depended heavily upon outside assistance Starting in 2005 the United States led an air advisory campaign to rebuild the Afghan Air Force AAF In 2007 a formal joint combined entity led by a U S Air Force brigadier general began air advisor work with Afghan airmen Between 2007 and 2011 these efforts made modest progress in terms of infrastructures personnel and aircraft accessions and various training courses But by 2010 advisors increasingly viewed AAF command and control C2 as a problem area that required significant improvement if a professional air force was to be built In the spring of 2011 major institutional changes to AAF C2 procedures were being introduced when nine U S air advisors were killed The attack was the worst single incident loss of U S Air Force personnel in a deployed location since 1996 and the worst insider attack since 2001 From the day of that tragic event the cultural chasm between Afghanistan and the West became more apparent This dilemma continues with no end in sight to an air advisory mission of uncertain long term value 9/11 Memorial Visions Lester J. Levine, 2016-08-31 More than a billion people watched the 9 11 World Trade Center destruction unfold on television making it the greatest shared event in world history Reflecting this fact the 2003 World Trade Center Memorial Design Competition was open to anyone drawing 5 201 entries from 60 countries all of which were posted online Most designs were the greyscale hardscape of typical memorials A few were radically imaginative Some engaged memory with sound color movement technology or visitor participation Others reached across the globe cyberspace even outer space These imaginings stirred questions about their creators Who were they What were they thinking and feeling How did the concept develop This book based on a first ever review of the entries tells the personal stories of more than 180 designers whose creative perspective translated an horrific event giving deeper thought to the relation of memorial spaces to

Nixon's Nuclear Specter William Burr, Jeffrey P.

Kimball, 2015-06-15 In their initial effort to end the Vietnam War Richard Nixon and Henry Kissinger attempted to lever concessions from Hanoi at the negotiating table with military force and coercive diplomacy They were not seeking military victory which they did not believe was feasible Instead they backed up their diplomacy toward North Vietnam and the Soviet Union with the Madman Theory of threatening excessive force which included the specter of nuclear force They began with verbal threats then bombed North Vietnamese and Viet Cong base areas in Cambodia signaling that there was more to come As the bombing expanded they launched a previously unknown mining ruse against Haiphong stepped up their warnings to Hanoi and Moscow and initiated planning for a massive shock and awe military operation referred to within the White House inner circle as DUCK HOOK Beyond the mining of North Vietnamese ports and selective bombing in and around Hanoi the initial DUCK HOOK concept included proposals for tactical nuclear strikes against logistics targets and U S and South Vietnamese ground incursions into the North In early October 1969 however Nixon aborted planning for the long contemplated operation He had been influenced by Hanoi's defiance in the face of his dire threats and concerned about U S public reaction antiwar protests and internal administration dissent In place of DUCK HOOK Nixon and Kissinger launched a secret global nuclear alert in hopes that it would lend credibility to their prior warnings and perhaps even persuade Moscow to put pressure on Hanoi It was to be a special reminder of how far President Nixon might go The risky gambit failed to move the Soviets but it marked a turning point in the administration's strategy for exiting Vietnam Nixon and Kissinger became increasingly resigned to a long route policy of providing Saigon with a decent chance of survival for a decent interval after a negotiated settlement and U S forces left Indochina Burr and Kimball draw upon extensive research in participant interviews and declassified documents to unravel this intricate story of the October 1969 nuclear alert They place it in the context of nuclear threat making and coercive diplomacy since 1945 the culture of the Bomb intra governmental dissent domestic political pressures the international nuclear taboo and Vietnamese and Soviet actions and policies It is a history that holds important lessons for the present and future about the risks and uncertainties of nuclear threat making **Leveling the**

Playing Field Rod Scher, 2016-08-01 Leveling the Playing Field explores the technologies that trickle down to the rest of us those that were once the domain of the wealthy and powerful and which therefore tended to make them even more wealthy and powerful Now though these technologies from books to computers to 3D printing and beyond have become part of a common toolkit one accessible to almost anyone or at least to many more than had heretofore had access This is what happens with most technologies They begin in the hands of the few and they end up in the hands of the many Along the way they sometimes transform the world *The Liberators of Pilsen* Bryan J. Dickerson, 2018-01-14 Formed in July 1943 at Camp

Chaffee Arkansas the 16th Armored Division was the last U S armored division to be activated in World War II the last deployed to the European Theater and the last to see combat As the war in Europe was coming to an end General George S

Patton chose the division to spearhead a daring advance into Czechoslovakia In its first and only combat operation the 16th liberated the city of Pilsen forever endearing itself to the Czech people Poised to continue to the capital city of Prague the division was halted not by German resistance but by political rivalries between the Western powers and the Soviet Union Official U S Army records and veteran accounts tell the story of the unit s brief two year existence and its successful mission

Ghostriders 1976-1995 William Walter,2022-05-31 Resistance is futile You can run but you ll only die tired The AC 130 Gunship was quickly developed in 1968 to provide fire support for ground forces in Vietnam Twenty eight C 130 cargo aircraft were converted into AC 130s for night attack operations The AC 130 was crude ugly ad hoc and detested by many within the USAF but it worked and it worked well Likewise AC 130 crews were deemed unruly biker gangs but performed magnificently in every major US military operation from 1976 to 1995 Most of these combat operations were cloaked in secrecy but records once classified for up to twenty years have now been opened Based on this newly declassified information and hundreds of interviews with SOF veterans *Ghostriders 1976 1995* is the first authoritative historical account of the AC 130 operations written by an AC 130 Aerial Gunner who participated in every AC 130 combat operation from 1980 through 1994

Contemporary Immigration in America Kathleen R. Arnold,2015-02-03 State and local immigration issues and policies for all 50 states are thoroughly examined in this unique up to date and accessibly written encyclopedia Immigration continues to be a timely and often controversial subject particularly regarding legislation at the state level While many books cover U S immigration both historical and contemporary few if any reference works examine the role of contemporary immigration in individual states This two volume encyclopedia fills that gap Chapters address legal social political and cultural issues of immigrant groups on a state by state basis and explore immigration trends and issues faced by individual ethnic populations The encyclopedia will enable students to research the impact contributions and issues of immigration for each state to make comparisons between states and regions of the United States and to understand state versus national policies By combining the history of immigration policy with current information the work shows readers that many of the issues making news today are the same as those the nation dealt with in past decades Studying state and local dynamics provide a unique perspective on this history

American Woman Suffrage Postcards Kenneth Florey,2016-04-29 American women s suffrage activists were fascinated with suffrage themed postcards They collected them exchanged them wrote about them used them as fundraisers and organized postcard day campaigns The cards they produced were imaginative and ideological advancing arguments for the enfranchisement of women and responding to antisuffrage broadsides Commercial publishers were also interested in suffrage cards recognizing their profit potential Their products though were reactive rather than proactive conveying stereotypes they assumed reflected public attitudes often negative towards the movement Cataloging approximately 700 examples this study examines the visual rhetoric of suffrage postcards in the context of the movement itself and as part of the general history of postcards

Reassessing Order and Disorder in the Middle East Robert Mason, 2017-02-09 The Middle East is undergoing a period of profound change partly brought about by the United States interventions in Afghanistan and Iraq but also by the Arab Spring This is affecting regional relations between states and between the region and the US For example Qatar Saudi Arabia and the UAE have supported rebel groups in Syria against the government which was supported by Iran Political Islam is a threat to both monarchies in the Gulf and secular states Non state actors such as Islamic State IS and the Kurdish Regional Government KRG are assuming an increasingly important role in shaping the region Further states such as Qatar and Turkey have undertaken their own quests to shift the existing regional balance of power in their favor through soft power

deployment or new or broader international alliances. Lastly, the close strategic US-Saudi relationship, primarily based on oil and arms, is being eroded by a new economic reality and divergent foreign policy interests. This shifting alliances and new regional order is the focus of the book, which examines the factors that significantly impact the foreign relations between the countries of the Middle East. Through multiple case studies, the essays identify the emerging trends and influences that are now dominating the political decision making and policy behavior of many key states. The contributors, both scholars and practitioners, investigate the main foreign policy challenges and debates in the various states, the changing relations and balance of power between them, and the continuing role of the United States in the Middle East. Each chapter provides an overview of the last decade or so, before delving into the current challenges and opportunities, often in light of the US as a power with the ability to significantly impinge on state policies and what these issues mean for the regional order. This primer on state politics and the transformative capacity of the Middle East will appeal to anyone studying the region.

Joseph Parrott, 2025-07-08. How anti-colonial movements in Angola, Mozambique, and Guinea-Bissau reshaped US activist engagement with the Global South from the 1960s through the 1970s. *Dream the Size of Freedom* explores how anti-colonial movements in Angola, Mozambique, and Guinea-Bissau reshaped US activist engagement with the Global South from the 1960s through the 1970s and influenced American foreign policy as the Vietnam War drew to a close. These Portuguese African liberation movements, led by nationalists like Eduardo Mondlane and Amílcar Cabral, built global solidarity networks to support their military and social challenges to empire while defending against Western intervention. US activists, disillusioned with the Cold War, came to see African self-determination as central to global campaigns for racial and economic justice. A broad coalition, ranging from Black Power radicals to religious liberals, mobilized against the North Atlantic alliance with Portugal. In the process, this grassroots movement helped define a New Left Internationalism that championed decentralized, multiracial organizing and a collaborative vision of US foreign policy to redress historic inequalities between Global North and South. Drawing on more than fifty oral histories and research in government and activist archives on three continents in English, Portuguese, French, and Afrikaans, R. Joseph Parrott reconstructs the transnational anti-imperial network that injected Global South priorities into US political debates. Popular protests and informational campaigns led to collaborations with legislators eager to constrain the powerful executive branch. In 1976, this grassroots legislative alliance halted Gerald Ford's anti-communist intervention against the Soviet-backed government of newly independent Angola. This victory of New Left Internationalist ideas anticipated future anti-apartheid and Latin American peace movements while also fueling a conservative revival of Cold War containment. By exploring US engagement with the contested process of African decolonization, *Dream the Size of Freedom* highlights the origins of two contrasting visions of American foreign policy that defined debates over the country's proper role in the Global South into the
