September Memo English Paper 2:

In the Power of the Government Mark Kuhlberg, 2015 Open Admissions Danica Savonick, 2024-07-05 In *Open Admissions* Danica Savonick traces the largely untold story of the teaching experience of Toni Cade Bambara June Jordan Audre Lorde and Adrienne Rich at the City University of New York cuny in the late 1960s and early 1970s This period during which cuny guaranteed tuition free admission to every city high school graduate was one of the most controversial in US educational history Analyzing their archival teaching materials syllabi lesson plans and assignments alongside their published work Savonick reveals how these renowned writers were also transformative educators who developed creative methods of teaching their students to navigate and change the world In fact many of their methods such as student led courses collaborative public projects and the publication of student writing anticipated the kinds of student centered and antiracist pedagogies that have become popular in recent years In addition to recovering the pedagogical legacy of these writers Savonick shows how teaching in cuny s free and open classrooms fundamentally altered their writing and with it the course of American literature and feminist criticism The English Militia in the Eighteenth Century J. R. Western, 2023-11-06 First published in 1965 *The English Militia in the Eighteenth Century* directs light on English politics and government through studying the militia from the Restoration to the days of the younger Pitt The militia occupied a significant place both in the quarrels between king and parliament in the later seventeenth century and in the struggle for power between the elder Pitt and the Duke of Newcastle Raised and officered by the county and parish authorities its maintenance constantly posed the problem of how to harness the machinery of local government to national purposes The gentry had to be induced to help and the militia like other institutions national and local was shaped by the fashion and extent to which they responded The book will be of interest to students of history political science and literature Berlin on the Brink Daniel F. Harrington, 2012-05-15 This study examines the Berlin question from its origin in wartime plans for the occupation of Germany to the Paris Council of Foreign Ministers meeting in 1949 Tracing the blockade s origins it explains why British and American planners during the Second World War neglected Western access to post war Berlin and why Western officials did little to reduce Berlin s vulnerability as Cold War tensions increased *Vietnam Declassified* Thomas L. Ahern Jr., 2009-12-18 *Vietnam Declassified* is a detailed account of the CIA s effort to help South Vietnamese authorities win the loyalty of the Vietnamese peasantry and suppress the Viet Cong Covering the CIA engagement from 1954 to mid 1972 it provides a thorough analysis of the agency and its partners Retired CIA operative and intelligence consultant Thomas L. Ahern Jr is the first to comprehensively document the CIA s role in the rural pacification of South Vietnam drawing from secret archives to which he had unrestricted access In addition to a chronology of operations the book explores the assumptions political values and cultural outlooks of not only the CIA and other U S government agencies but also of the peasants Viet Cong and Saigon government forces competing for their loyalty The depth of Ahern s research combined with

the timely relevance of his analysis to current events in the Middle East makes this title an important addition to military literature

Crude Oil, Crude Money Thomas W. Lippman, 2019-05-03 The untold story of how Exxon Mobil, Chevron, and Texaco teamed up with the CIA and Department of State to thwart the plans of Greek shipping magnate Aristotle Onassis, who almost managed to reshape the Middle East. In 1954, Aristotle Onassis, long before he married Jacqueline Kennedy, made a bold business gamble: he tried to corner the crude oil shipping market by signing a deal with the King of Saudi Arabia. If it had worked, it would have reshaped the history of the Middle East. As it was, the proposed deal terrified British and U.S. oil companies and the Dulles brothers, who saw it as the first move in the nationalization of Saudi oil. Complicating things was the burgeoning Arab nationalist movement led by Egypt's newly elected president Gamal Nasser. And of course there were the Soviets, now without Stalin, eager to build influence in the region. This little-known story about the collision of nationalism, money, celebrity, and oil sheds new light on the tangled history of the Middle East. Drawing on the author's immense knowledge of the Middle East and original research incorporating unexplored declassified documents, the book is an eye opener for students of U.S. foreign policy, anyone interested in the global oil business, and scholars and historians of the role of the U.S. in the Arab world.

Well Worth Saving Laurel Leff, 2019-12-03 A harrowing account of the profoundly consequential decisions American universities made about refugee scholars from Nazi-dominated Europe, a finalist for a 2020 National Jewish Book Award. The United States' role in saving Europe's intellectual elite from the Nazis is often told as a tale of triumph, which in many ways it was. America welcomed Albert Einstein and Enrico Fermi, Hannah Arendt, and Herbert Marcuse, Rudolf Carnap, and Richard Courant, among hundreds of other physicists, philosophers, mathematicians, historians, chemists, and linguists who transformed the American academy. Yet for every scholar who survived and thrived, many, many more did not. To be hired by an American university, a refugee scholar had to be world-class and well-connected, not too old and not too young, not too right and not too left, and most important, not too Jewish. Those who were unable to flee

were left to face the horrors of the Holocaust In this rigorously researched book Laurel Leff rescues from obscurity scholars who were deemed not worth saving and tells the riveting full story of the hiring decisions universities made during the Nazi era *Readin' + Writin' for the Hard-hat Crowd* Susan R.
