Sequencing Pentecost Story:

Mormonism Jan Shipps, 1985 Mormonism is one of the fastest growing most misunderstood and most debated religions of recent times Even the simple act of defining WHAT Mormonism is or should be has been filled with controversy The author reconstructs the signal events of early Mormonism as perceived from INSIDE the faith

YEAR B After Pentecost 1 Mission after Pentecost (Mission in Global Community) Amos Yong, 2019-10-15 Bringing Pentecostal theology into the Bible and mission conversation Amos Yong identifies the role of the divine spirit in God's mission to redeem the world As he works through the Bible from Genesis to Revelation Yong emphasizes the global missiological imperative People of all nations reaching out to people of all nations Sidebars include voices from around the globe who help the author put the biblical text into conversation with twenty first century questions offering the church a fresh understanding of its mission and how to pursue it in the decades to come

The Christian Story Gabriel Fackre, 1987 This is a print on demand book and is therefore non returnable As a pastoral systematic The Christian Story rises from and strives to be a resource to the life and witness of the church and its leadership The first volume revised edition 1984 offered an introductory overview of the basic Christian doctrine Now turning his attention to the individual doctrines Gabriel Fackre here surveys a spectrum of views on authority from inerrantist to experientialist and sets forth an alternative perspective along ecumenical and narrative lines The author's search for a full orb'd position affirms Scripture as the source the church and its traditions as resource the world of human experience as setting the Gospel as substance and Christ as the center of authority A detailed analysis of hermeneutical issues is included in the book The quest for evangelical catholicity leads to a restatement of the fourfold method of scriptural interpretation common sense critical scholarship canonical perspective and the contextualization process personal and social An extensive exegesis of a key Christological text John 14:6 illustrates how this method works

The Same God Who Works All Things Adonis Vidu, 2021-03-04 Classical Trinitarianism holds that every action of Trinity in the world is inseparable That is the divine persons are equally active in every operation But then in what way did the Father create the world through Christ How can only the Son be incarnate die and be resurrected Why does Christ have to ascend before the Spirit may come These and many other questions pose serious objections to the doctrine of inseparable operations In the first book length treatment of this doctrine Adonis Vidu takes up these questions and offers a conceptual and dogmatic analysis of this essential axiom engaging with recent and historical objections Taking aim at a common soft interpretation of the inseparability rule according to which the divine persons merely cooperate and work in concert with one another Vidu argues for the retrieval of

hard inseparability which emphasizes the unity of divine action primarily drawing from the patristic and medieval traditions Having probed the biblical foundations of the rule and recounted the story of its emergence in nascent Trinitarianism and its neglect in modern theology Vidu builds a constructive case for its retrieval The rule is then tested precisely on the battlegrounds that were thought to have witnessed its defeat the doctrines of creation incarnation atonement ascension and the indwelling of the Spirit What emerges is a constructive account of theology in which the recovery of this dogmatic rule shines fresh light on ancient doctrines

Leadership, God's Agency, and Disruptions Mark Lau Branson, Alan J.

Roxburgh, 2021-02-16 Leaders in congregations and Christian organizations wrestle with an unraveling of the world in which they have little experience and training While they are offered unending resources by experts on leadership some with claims to biblical blueprints the challenges seem mismatched to those methods Branson and Roxburgh frame the situation as one in which modernity's wager the conviction that God is not necessary for life and wisdom and meaning has defined the Western imagination Because churches and leaders are colonized by this ethos even when God is named and beliefs are claimed approaches to leadership are blind to God's agency Branson and Roxburgh approach this challenge as a work in practical theology attending to our cultural context narratives of God's disruptive initiatives in Scripture and a reshaping of leadership theories with a priority on God's agency With years of experience as teachers consultants and guides they name practices which lead to more faithful participation Leadership God's Agency and Disruption is wide ranging in cultural and biblical scholarship challenging in its engagement with numerous leadership studies and practical with its focus toward the on the ground life of churches and organizations

Canones: The Art of Harmony Alessandro Bausi, Bruno Reudenbach, Hanna

Wimmer, 2020-11-23 The so called Canon Tables of the Christian Gospels are an absolutely remarkable feature of the early late antique and medieval Christian manuscript cultures of East and West the invention of which is commonly attributed to Eusebius and dated to first decades of the fourth century AD Intended to host a technical device for structuring organizing and navigating the Four Gospels united in a single codex and in doing so building upon and bringing to completion previous endeavours the Canon Tables were apparently from the beginning a highly complex combination of text numbers and images that became an integral and fixed part of all the manuscripts containing the Four Gospels as Sacred Scripture of the Christians and can be seen as exemplary for the formation development and spreading of a specific Christian manuscript culture across East and West AD 300 and 800 In the footsteps of Carl Nordenfalk's masterly publication of 1938 and few following contributions this book offers an updated overview on the topic of Canon Tables in a comparative perspective and with a precise look at their context of origin their visual appearance their meaning function and their usage in different times domains and cultures

Logue, A. McEvoy, 2006-04-11 of UB's medical school that UB developed its School of Arts and Sciences and thus assumed its place among the other institutions of higher education Had Fillmore lived throughout UB's first seventy years he would

probably have been elated by the success of his university and he should have been satisfied and pleased that UB remained intrinsically bonded to its community while at the same time engrafting the values and standards important to higher education's mission in the region UB and its medical school have undergone many challenging transitions since 1846 Included among them were 1 the completion of an academic campus in the far northeast corner of the City of Buffalo while leaving its medical dental and law schools firmly situated in the core of downtown Buffalo 2 the eventual relocation after the second world war of the law school to the newer campus in Amherst and the medical and dental school to the original academic campus and 3 the merger with the State University of New York System in 1962 Despite these significant transitions any one of which could have changed the intrinsic integrity of UB and disrupted the bonding between community and university that did not happen To this day the ties between community and academe persist Fillmore and White should celebrate their success and important contribution to Buffalo and Western New York Let's Go Austria & Switzerland 12th Edition Kate McIntyre, 2004-12-13 Completely revised and updated Let's Go Austria and Switzerland is your insider's guide to the Alpine countries Our forty five years of travel savvy deliver must have tips and insights from listings for regional festivals and arts events to a guide to eating Swiss fondue This edition features expanded coverage of skiing hiking biking and extreme sports Brand new features updated political and current events coverage and more listings for study abroad and volunteer opportunities help you connect to Austrian culture and make a difference Whether you'd rather listen to the ethereal song of the Vienna Boys Choir or the shouts of leather clad wrestlers at Schwingfest Let's Go can take you there

James the Brother of Jesus Robert H. Eisenman, 1998-03-01 A passionate quest for the historical James refigures Christian origins can be enjoyed as a thrilling essay in historical detection The Guardian James was a vegetarian wore only linen clothing bathed daily at dawn in cold water and was a life long Nazirite In this profound and provocative work of scholarly detection eminent biblical scholar Robert Eisenman introduces a startling theory about the identity of James the brother of Jesus who was almost entirely marginalized in the New Testament Drawing on long overlooked early Church texts and the Dead Sea Scrolls Eisenman reveals in this groundbreaking exploration that James not Peter was the real successor to the movement we now call Christianity In an argument with enormous implications Eisenman identifies Paul as deeply compromised by Roman contacts James is presented as not simply the leader of Christianity of his day but the popular Jewish leader of his time whose death triggered the Uprising against Rome a fact that creative rewriting of early Church documents has obscured Eisenman reveals that characters such as Judas Iscariot and the Apostle James did not exist as such In delineating the deliberate falsifications in New Testament documents Eisenman shows how as James was written out anti-Semitism was written in By rescuing James from the oblivion into which he was cast the final conclusion of *James the Brother of Jesus* is in the words of The Jerusalem Post apocalyptic who and whatever James was so was Jesus **Acts** Dean Pinter, 2019-04-09 A new commentary for today's world The Story of God Bible Commentary explains and illuminates each

passage of Scripture in light of the Bible's grand story The first commentary series to do so SGBC offers a clear and compelling exposition of biblical texts guiding everyday readers in how to creatively and faithfully live out the Bible in their own contexts Its story-centric approach is ideal for pastors students Sunday school teachers and laypeople alike Each volume employs three main easy-to-use sections designed to help readers live out God's story LISTEN to the Story Includes complete NIV text with references to other texts at work in each passage encouraging the reader to hear it within the Bible's grand story EXPLAIN the Story Explores and illuminates each text as embedded in its canonical and historical setting LIVE the Story Reflects on how each text can be lived today and includes contemporary stories and illustrations to aid preachers teachers and students Acts The question of Luke's purpose for writing this book has long been a topic of debate among Christians Some see it as an apologetic defense against the misunderstandings of the Roman Empire Others maintain that Luke's audience was primarily Christian and the story of Acts offers pastoral encouragement Still others believe that Acts was written to address theological issues facing the early church In the end no single purpose may be able to account for all the rich complexity that exists in Acts Edited by Scot McKnight and Tremper Longman III and written by a number of top-notch theologians The Story of God Bible Commentary series will bring relevant balanced and clear-minded theological insight to any biblical education or ministry

What Shall We Do? Joseph M. Lear, 2018-03-16 Since the 1960s biblical scholars have noted a relationship between eschatology and ethics in Luke Acts but to date there has been no substantive study of the relationship between these themes What Shall We Do offers such a study Lear observes and develops a logic that Luke Acts presents that begins with eschatological expectation and ends with a particular pattern of life especially with regard to possessions He makes the bold claim that Luke has not given up on eschatological expectation The healing of the cripple Acts 3 Cornelius's conversion Acts 10 and the shipwreck narrative Acts 27-28 are figurative stories of coming eschatological salvation In this context Lear demonstrates that the sharing of possessions becomes the means by which a new eschatological people is formed At the beginning of Luke's Gospel John the Baptist says the true children of Abraham will escape the coming judgment because they share their possessions The logic of this claim is worked out throughout Luke's two volumes culminating in barbarian Malta's becoming children of Abraham because they hospitably receive the Apostle Paul
