reflect on your own emotions and those of others. Consciously or unconsciously emotions play an integral role in day to day decision making, assessments and relationship building and a lack of emotional awareness and understanding can result in poor practice and a failure to think critically. Practical and engaging, this book encourages you to consider the role of emotions in the light of your own experiences and practice contexts. Key topics include: Understanding what emotions are and how they apply to social work practice; Recognizing and reflecting upon the emotional content of practice; Incorporating emotions in reflective journals, reports, case notes, critical incident analysis and academic writing; Understanding the conscious and unconscious emotions at play in your practice and how these can impact upon the development of positive relationships; Enhancing understanding of self and the importance of resilience; Understanding the role of emotions in supervision, support and reflection. In addition, each chapter includes case studies to make the link between theory and practice, reflective exercises to encourage the reader to consider the discussion from their own contexts and perspectives. There will also be key learning points to summarise the main ideas presented at the end of each chapter. This is an invaluable book for all social work students and early career practitioners aiming to boost their self awareness and personal wellbeing and ultimately improve their practice. This is a timely publication that reinforces the centrality of emotions and emotional intelligence in social work practice, a must read for all aspiring and practising social workers.

Gillian Ruch, Professor of Social Work School of Education and Social Work University of Sussex UK

This is a book for anyone involved in professional social work education and practice, one that will become a well thumbed addition to the discerning practitioner's library.

Amanda M L Taylor, Senior Lecturer School of Social Work University of Central Lancashire UK

This book reinforces how social work is primarily a human interactive and relational practice in which emotion and affect have a pivotal role. I highly recommend *Understanding Emotions in Social Work* as an essential text for students, social workers, supervisors and managers.

Associate Professor Kieran O Donoghue, Head of School of Social Work Massey University New Zealand

This is one of those books that you will keep on your desk and look back at time and time again. It is written in a very accessible style and is easily picked up.

Dr Ingram locates emotions within social work practice and guides the reader through a number of case studies and learning activities to explore this concept in depth. This has been a very helpful text book during my final placement.

Darren Gibson, Social Work Student Dundee University UK

Enhancing Professionalism Through Reflectivity in Social and Health Care Walter Lorenz,Zuzana Havrdová,2023-09-13 This book discusses complex motivational conditions and strategies on macro meso and micro levels promoting reflectivity in interpersonal professional practice The increasing demands made on practitioners in social and health services as illustrated by the COVID 19 pandemic can lead to great uncertainty over how to find the right response to complex expressions of need and how to account for ethical professional decisions in view of prevailing strategies of risk reduction and managerial accounting Reflectivity has been recognised as being of central importance for guiding practitioners towards situationally differentiated and accountable practice However it is a complex process made up not only of different psychological components and their interplay with educational and organisational contexts but also of multilevel interactions and purely situational conditions that can have positive or negative effects The individual and team reflectivity can be learned and

supported through various educational and managerial opportunities sensitively guided personal and professional experiences and specific patterns of interaction which are reviewed in the book *Reflective supervision in the workplace* plays a pivotal role in enabling individual and team reflective processes. However, there are also social and organisational factors that can hinder the development of individual and team reflectivity. The particular value of this publication is that the authors focus on complex research findings from several consecutive studies and critically review and discuss the conditions for reflectivity from various perspectives and with the background of rich academic literature and research. Their research derived empirical and analytical insights were submitted to managers and educators and effective and realistic strategies and methods to enhance different levels of reflectivity in students and practitioners were discussed and are summarised in this volume. Among the topics covered: The significance of reflectivity in professional social and health care in relation to changing socio-political contexts; Gender aspects of reflectivity in the social and healthcare field; Operationalisation of reflectivity for research by personal team and organisational scales; Cultural and communicational patterns of interaction enabling professional reflective processes. *Enhancing Professionalism Through Reflectivity in Social and Health Care* is pertinent reading for professors of professional academic training programmes for social workers, nurses, supervisors, trainers in non-formal learning settings, students and managers of social and health services with an interest in enhancing organisational cultures.
