Digital Media and Reporting Conflict Daniel Bennett, 2013-07-18 This book explores the impact of new forms of online reporting on the BBC's coverage of war and terrorism Informed by the views of over 100 BBC staff at all levels of the corporation Bennett captures journalists shifting attitudes towards blogs and internet sources used to cover wars and other conflicts He argues that the BBC's practices and values are fundamentally evolving in response to the challenges of immediate digital publication Ongoing challenges for journalism in the online media environment are identified maintaining impartiality in the face of calls for more open personal journalism ensuring accuracy when the power of the former audience allows news to break at speed and overcoming the limits of the scale of the BBC's news operation in order to meet the demands to present news as conversation While the focus of the book is on the BBC's coverage of war and terrorism the

conclusions are more widely relevant to the evolving practice of journalism at traditional media organizations as they grapple with a revolution in publication *Handbook of Democratic Innovation and Governance* Stephen Elstub, Oliver Escobar, 2019-12-27 Democratic innovations are proliferating in politics governance policy and public administration These new processes of public participation are reimagining the relationship between citizens and institutions This Handbook advances understanding of democratic innovations in theory and practice by critically reviewing their importance throughout the world The overarching themes are a focus on citizens and their relationship to these innovations and the resulting effects on political equality The Handbook therefore offers a definitive overview of existing research on democratic innovations while also setting the agenda for future research and practice **Internal Control** Olof Arwinge, 2012-11-07 The concept of internal control has developed along with audit practice As demands have been made for greater accountability in corporate governance the significance of internal control systems in companies has increased Traditionally internal control has had a fairly direct relationship to financial reporting quality but wider approaches to internal control have expanded those boundaries much further Stakeholders are increasingly concerned with the effectiveness of internal controls and disclosure requirements are making firms to go public with regard to their internal control systems From a design perspective current research suggests that internal control designs are contingent upon variables such as company strategies risk appetite regulatory characteristics and organizational size Also there is much to learn about internal control quality and the way internal control quality is associated with overall corporate governance quality This book fills that gap Becoming a Teacher-Researcher Maria Campbell, Deirdre Harvey, Mary Shanahan, 2024-10-17 Conducting research as a beginning teacher researcher can be daunting Becoming a Teacher Researcher A Guide to Your Research Journey supports you through navigating that journey This book provides key insights from 18 experienced teacher researchers on every step of the research journey from developing a research question and conceptual framework through to data gathering tools analysis and considering ethics Topics covered include How do you develop precision and clarity in the search for answers to research questions Why do I need a conceptual framework anyway How can you address the power imbalance between researcher and participants How do you choose an appropriate data gathering tool What research tools might be appropriate to use with young school age children How do you address ethical issues when engaged in online research Each critiques what is required at that point of the journey and offers peer support guidance from the author team who share their most significant learning the influences that shaped their decision making and the associated impact of their choices on other steps of the journey **Mobility and Travel Behaviour Across the Life Course** Joachim Scheiner, Henrike Rau, 2020-12-25 This thought provoking book analyses recent innovations for researching travel behaviour over the life course Original in its approach it synthesises quantitative qualitative and mixed methods to contribute to conceptual methodological and empirical advancements in the field An Introduction to Fully Integrated Mixed Methods Research

Elizabeth G. Creamer,2017-02-09 This practical book provides the tools needed to design execute and evaluate fully integrated mixed methods research studies A uniting metaphor of the architectural arch helps students understand the benefits of a mixed methods approach as they consider ways to integrate the qualitative and quantitative strands at all stages of design and execution With use of examples from popular media and published research this text also includes a detailed discussion of ways to accomplish mixing methods during data collection and analysis and a separate chapter on designing and executing a realistic mixed methods dissertation

Empowerment and Autonomy of Women Godrick Efraim Lyimo,2016-06-10 The emancipation and empowerment of women has been a

worldwide phenomenon of concern to many countries and organizations within the twentieth and twenty first centuries Although Tanzania as a country and the Evangelical Lutheran Church in Tanzania ELCT Northern Diocese as an institution have embraced the idea of gender equality most women in Tanzania have yet to experience this in full This book is therefore based upon an understanding of the church as participating in God s mission which is rooted in a context of equality and as such stands in a better position to empower women to overcome some of the patriarchal practices that have put them on the margin of attaining full humanity Therefore the book examines how Ushirika wa Neema Deaconess Centre contributes to the empowerment of women in the Evangelical Lutheran Church in Tanzania ELCT Northern Diocese and fosters gender awareness in the church and the entire community Ushirika wa Neema Deaconess Centre provides women with opportunities such as the means for independent income for education for professional training and for learning life skills These opportunities change women s self esteem as well as raise their self confidence and respect in the church and community

Feminism Counts Christina Hughes,Rachel Cohen,2013-09-13 This is an important and timely text that provides a unique overview of contemporary quantitative approaches to gender research The contributors are internationally recognised researchers from the UK USA and Sweden who occupy a range of disciplinary locations including historical demography sociology and policy studies Their research includes explorations of heterosexual and same sex violence media responses to feminist research data sources for the study of equalities approaches for analysing global and local demographic change and intersectional concerns in respect of work and employment Through detailed sophisticated and thoughtful considerations of the place of quantification within gender studies and the place of feminist approaches to quantification each contributor overturns the stereotype that quantitative research is antithetical to feminism by demonstrating its importance for challenging continuing global inequalities associated with gendered outcomes An introductory chapter illustrates the significance of geography and discipline in the take up of methodological preferences *Feminism Counts Quantitative Methods and Researching Gender* makes an important contribution to the ways in which feminists respond to contemporary methodological and interdisciplinary challenges and is essential reading for all research students in gender studies This book was originally published as a special issue of the *International Journal of Social Research Methodology*

British Muslims and Their Discourses Laurens de Rooij,2023-12-28 This book highlights the changing dynamics of Muslim identity and integration in Britain focusing on the post 9 11 era Historically Muslims faced discrimination based on ethnicity rather than religion However contemporary discrimination against Muslims is rooted in different reasons with events like the Rushdie affair significantly impacting multicultural relations This study analyzes the evolving multicultural landscape in Britain exploring the shift from predominantly assimilationist policies to a more mutual process of integration It delves into the emergence of interfaith dialogue as well as the complexities surrounding the intersection of race religion gender and identity The research examines two key themes the discursive positioning of Islam beyond integration and terrorism

narratives and the operationalization of identity by Muslims in various contexts The study employs empirical methods and cultural studies theories to understand how individual and social practices intersect in this context By doing so it contributes to Islamic studies socio political studies and cultural studies shedding light on the discourses that shape and are shaped by Muslim lives in Britain The analysis encompasses diverse perspectives from macro level societal discourses to micro level individual actions thus providing a comprehensive exploration of the multifaceted experiences of Muslims in Britain
