The Music Matthew Herbert, 2018-04-05 In the last hundred years, between the invention of the microphone and the computer, music has undergone a profound revolution. No longer confined to specifically designed instruments, we can now make music out of anything. Why use a guitar when you can use a lawnmower? Why use a lawnmower when you can use an explosion in Libya? The Music evokes a shifting sonic landscape in precise detail: Chinese concrete slowly hardening overlaid by a splintering cassette tape in the stereo of a car mid-crash; the noise of 73,984 insects hitting number plates followed by that of a drill striking oil deep beneath the earth's surface. Or just the silence of two unfamiliar people as they look up at the night sky. As well as being a description of an imagined album, this book is a manifesto for sound, challenging how we hear the world itself while listening to stories about humanity and our place in that world.

The Frog In The Moonflower Roger Longrigg, 2012-09-30 The ALA is blamed for a series of savage attacks on hunts. Meanwhile in Geneva, the SIN seeks to protect every species. Sandro, one of Lady Jennifer Norrington's companions, has an aunt who is involved. But it is in East Africa that this story of multiple murder, terror and suspense concludes. The climax is as surprising as it is satisfying.

101 Champagnes and other Sparkling Wines Davy Zyw, 2018-10-18 The definitive guide to champagne and other sparkling wines. Champagne is delicious, we love its flavour, we love its fizz. Champagne's association with success, partying and fun are as ingrained in the wine as the bubbles themselves. As the godfather of champagne, Dom Pérignon famously declared, 'Brothers, I'm drinking stars.' But there's more to fizz than just champagne. Prosecco's meteoric rise in popularity has opened up our taste buds to other sparkling wines from the glacial hills of Treviso to the lava slopes of Mount Etna, rural Brazil to the more genteel South Downs of England; the choice is vast. There has never been a better time to enjoy a glass of bubbly. Navigation is important as the new and exotic vintages aren't all wonderful, and this is where Davy Zyw can help. As one of the country's leading experts in sparkling wine, Davy explains why each of the 101 entries has made the cut. This is the ultimate ice bucket list for fizz fans, and every bottle in this book will knock your socks off.
