The following steps will help you to easily install and use the TV Clear system for the first time.

### 1. Download TV Clear App

Sennheiser TV Clear

Download on the  
App Store

GET IT ON  
Google Play

### 2. Follow official product documentation

On the [Sennheiser product page](#) under "Downloads" you can find all important documents (quick start guide, user manual, etc.) as well as How-To videos at [Sennheiser TV Clear FAQ page](#).

### 3. Check Troubleshooting page if needed

Do you have any of the following situations?

- First connection to TV transmitter does not work
- Bluetooth pairing to the phone does not start
- The product does not charge properly

The reason is almost always an ear adapter that is not placed correctly. There should only be a minimal gap visible between the rubber rim and the earphone rim.

The two claws at the top of the ear adapter rim (1) must snap into the two grooves on the earbud (2). This is best achieved by placing the earbud with the button side down on a non-scratching surface, and then carefully sliding the rubber part down towards the earbud with your fingers.

So if you have one of the situations described above during setup, then:

1. check the correct fit of the two ear adapters as described above
2. place both earbuds in the charging case again. The corresponding LED must light up
3. close the lid of the charging case
4. open the charging case again and wait 10 seconds
5. after that the system is ready for use
