Harnessing AI's Potential to Support Student Success and Teaching Excellence Araujo, Juan J., Snider, Sharla, 2025-07-15

With the integration of AI in educational environments AI has shaped the way schools operate and support students. Personalized learning platforms and tutoring systems have transformed the traditional schooling system for the better. However, the deployment of AI in school settings also raises critical questions around equity, privacy, ethical use, and the role of educators in a technology-enhanced landscape. Examining the impact of AI usage in schools is essential to understand both its potential to enhance educational outcomes and the challenges that must be addressed to ensure it serves all learners effectively and responsibly. Harnessing AI's Potential to Support Student Success and Teaching Excellence explores the landscape of AI in education and how it has helped and hindered school settings. This book highlights both the transformative potential of AI and the risks associated with its unchecked advancement, emphasizing the importance of responsible innovation in education. Covering topics such as education, AI, and technology, this book is an excellent resource for teachers, administrators, and policymakers searching for the right approach for such AI implementation. **Spanish Sentence**

Builder TRILOGY - Part 2 Dylan Viñales, Dr. Gianfranco Conti, 2024-04-24. Spanish Sentence Builders TRILOGY Part II is a workbook aimed at Key Stage 3 students, co-authored by two modern languages educators with over 60 years of extensive classroom experience between the three, both in the UK and internationally. This no-frills book contains 13 units of work on very popular themes, jam-packed with graded listening activities, vocabulary building, reading, translation, retrieval practice, writing, a set of listening activities to model and input, flood the target language, a set of vocabulary building activities, a set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text, a set of retrieval practice, translation tasks, a set of writing tasks targeting essential micro skills such as spelling, lexical retrieval, syntax, editing, and communication of meaning.
