Sentiments En Vogue:

Fighting Terror after Napoleon Beatrice de Graaf, 2020-10 Europe was forged out of the ashes of the Napoleonic wars by means of a collective fight against revolutionary terror The Allied Council created a culture of in and exclusion of people that were persecuted and those who were protected using secret police black lists border controls and fortifications and financed by European capital holders

The Persistence of Sentiment Mitchell Morris, 2013-04-29 How can we account for the persistent appeal of glossy commercial pop music Why do certain performers have such emotional power even though their music is considered vulgar or second rate In *The Persistence of Sentiment* Mitchell Morris gives a critical account of a group of American popular music performers who have dedicated fan bases and considerable commercial success despite the critical disdain they have endured Morris examines the specific musical features of some exemplary pop songs and draws attention to the social contexts that contributed to their popularity as well as their dismissal These artists were all members of more or less disadvantaged social categories members of racial or sexual minorities victims of class and gender prejudices advocates of populations excluded from the mainstream The complicated commercial world of pop music in the 1970s allowed the greater promulgation of musical styles and idioms that spoke to and for exactly those stigmatized audiences In more recent years beginning with the Seventies Revival of the early 1990s additional perspectives and layers of interpretation have allowed not only a deeper understanding of these songs function than when they were first popular but also an appreciation of how their significance has shifted for American listeners in the succeeding three decades

Madame Bovary (Routledge Revivals) Rosemary Lloyd, 2014-08-01 *Madame Bovary* ranks among the world's most famous and widely read novels and has inspired numerous critical theories First published in 1987 this study draws on both twentieth century and traditional critical views to provide both students and scholars with a fresh analysis of the novel its narrative techniques social background and underlying structures By setting the novel in an historical context and exploring the ways in which it offers a hinge between romanticism and realism the book establishes a framework through which the reader can assess questions of narrative strategy of symbolic patterning and most importantly parody and pastiche Throughout *Madame Bovary* Rosemary Lloyd argues a series of intertwining voices challenge assumptions about the nature of narrative and the relationship between reader and writer This reissue will provoke and stimulate debate among students and lecturers in French and English literature for whom *Madame Bovary* is a key text in the development of the novel

The Oxford Guide to the Atlantic Languages of West Africa Friederike Lüpke, 2025-06-17 This volume presents the first book length overview of the Atlantic languages a small family of languages spoken mainly on the Atlantic coast of West Africa Languages in this area have been used in diverse multilingual societies with intense language contact for the whole of their known history and their genealogical relatedness and the impact of language contact on their lexicon and grammar have been widely debated The book is divided into four parts The first provides an introduction to language ecologies in the

area and includes two accounts of the genealogical classification of Atlantic languages Chapters in the second part offer grammatical overviews of individual languages including the most important non Atlantic contact languages Casamance Creole and Mandinka while the third part explores Atlantic languages from a typological perspective with chapters that explore formal and semantic aspects of their nominal classification systems nominalization strategies their rich system of verbal extensions and the stem initial consonant mutation that is attested in a subset of languages The final part of the book investigates Atlantic languages in their social environments including the creation of creole identities secret languages Ajami writing practices language acquisition the spread and use of Fula as a lingua franca digital language practices and language ideologies The volume is an essential tool for linguists interested in the languages of West Africa language history and classification patterns of language use in Atlantic societies and typology and language contact more broadly
