Bates, 2024-08-30 Sometimes the best way to let one know what something is is to let one know what it isn't Today's typical academic book in eschatology provides the reader with a brief history of the various positions in the field followed by why certain positions should be considered the better options This is not that book Over the course of twelve chapters six sequences will be presented from the three major sources in the New Testament regarding the subject i.e Paul's letters to the Thessalonians the Olivet Discourse and John's visions in Revelation Through a careful reconciliation of those six sequences Dr Steven R Bates will show that there's only one sequence of end times which he has labeled The Post Armageddon Premillennial Resurrection He asserts that had any other sequence of end times been correct whether pre

tribulationism pre wrath mid tribulationism historic pre millennialism post millennialism a millennialism preterism or any other sequence that one could possibly imagine then the proponents of that postulation should be able to take the same six sequences from Scripture and reconcile them precisely with one another sentence by sentence and prove whatever sequence they propose But of course no one will ever attempt such an endeavor because it is theoretically impossible Scripture's six sequences only confirm one sequence and it is the one which has been presented in The Sequence *Student Study Guide to The Ancient Greek World* Jennifer T. Roberts, Tracy Barrett, 2005-10 Study guide to accompany The ancient Greek world Jennifer Roberts Tracy Barrett c2004 *Student study guide* Joy Hakim, 2005 Describes the time in America prior to the first World War the vast differences between the wealthy and the poor the changing from farming to factory work and the inventions of conveniences such as electric lights telephones and bicycles *Student Study Guide to The Ancient Egyptian World* Eric H. Student Study Guide to The Asian World, 600-1500 Roger Des Forges, John Major, 2005-10 The Christian doctrine of heaven has been a moral source of enormous power in western culture It has provided a striking account of the ultimate good in life and has for two millennia animated the hope that our lives can be fully meaningful Recently however the doctrine of heaven has lost much of its grip on the western imagination and has become a vague and largely ignored part of the Christian creed Not only have our hopes been redefined as a result but our very identity as human beings has been altered In this book Jerry L Walls argues that the doctrine of heaven is ripe for serious reconsideration He contends not only that the orthodox view of heaven can be defended from objections commonly raised against it but also that heaven is a powerful resource for addressing persistent philosophical problems not the least of which concern the ground of morality and the meaning of life Walls shows how heaven is integrally related to central Christian doctrines particularly those concerning salvation and tackles the difficult problem of why faith in Christ is necessary to save us from our sins In addition heaven is shown to illumine thorny problems of personal identity and to be an essential component of a satisfactory theodicy Walls goes on to examine data from near death experiences from the standpoint of some important recent work in epistemology and argues that they offer positive evidence for heaven He concludes that we profoundly need to recover the hope of heaven in order to recover our very humanity *Student Study Guide to The Ancient Chinese World* Terry Kleeman, Tracy Barrett, 2005-11 The Student Study Guide is an important and unique component that is available for each of the eight books in The World in Ancient Times series Each of the Student Study Guides is designed to be used with the student book at school or sent home
