classification Bellow and the characters in his fiction not only choose life but also explore what it means to live a good life however difficult that may be to define and regardless of how much harder it is to achieve For Sorin Bellow realized that at least two obstacles stood in the way the imperfection of the world and the frailty of the human pursuer Saul Bellow I Was a Jew and an American and a Writer provides a new and insightful narrative of the life and works of Saul Bellow By using Bellow s deeply internalized Jewishness and his remarkable imagination and creativity as a lens Sorin examines how he captured the shifting atmosphere of postwar American culture *Quantum Mind and Social Science* Alexander

Wendt,2015-04-20 There is an underlying assumption in the social sciences that consciousness and social life are ultimately classical physical material phenomena In this ground breaking book Alexander Wendt challenges this assumption by proposing that consciousness is in fact a macroscopic quantum mechanical phenomenon In the first half of the book Wendt justifies the insertion of quantum theory into social scientific debates introduces social scientists to quantum theory and the philosophical controversy about its interpretation and then defends the quantum consciousness hypothesis against the orthodox classical approach to the mind body problem In the second half he develops the implications of this metaphysical perspective for the nature of language and the agent structure problem in social ontology Wendt s argument is a revolutionary development which raises fundamental questions about the nature of social life and the work of those who study it **Billboard** ,2011-07-02 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

Discourses of Religion and Secularism in Religious Education Classrooms Karin Kittelmann Flensner,2017-07-07 This book answers the question on how students and teachers talk about religion when the mandatory and nonconfessional school subject of Religious Education is on the schedule in the world s most secular country To do this it analyses discourses of religion as they occur in the classroom practice It is based on findings from participant observation of Religious Education lessons in several upper secondary schools in Sweden The book discusses different aspects of the role and function of nonconfessional integrative Religious Education in an increasingly pluralistic multireligious yet also secularized society at a general level It looks at the religious landscape different perspectives on school subjects various models and the development of Religious Education and discourses of religion of a secularist spiritual and nationalistic nature Religious Education is a school subject that manoeuvres in the midst of a field that on the one hand concerns crucial knowledge in a pluralistic society and on the other hand deals with highly contested questions in a society characterized by diversity and secularity In the mandatory integrative and non confessional school subject of Religious Education in Sweden all students are taught together regardless of religious or secular affiliation The subject deals with major world religions important non religious worldviews and ethics from a non confessional perspective Thus in the classroom individuals who identify with diverse religious and non

religious worldviews with a different understanding of what religion could be and what it might mean to be religious are brought together The book examines questions raised in this pluralistic context What discourses of religion become hegemonic in the classroom How do these discourses affect the possibility of reaching the aim of Religious Education which concerns understanding and respect for different ways of thinking and living in a society characterized by diversity
