**Homeschooling High School** Shirley Erwee, 2014-08-28 Prospective homeschoolers are parents looking for an alternative to the mainstream educational system for their offspring But homeschooling children at high school level strikes fear into even the most dedicated of homeschoolers They need information and answers to their questions And with the current educational and unemployment problems in South Africa young people need clear direction and guidance to help them achieve their goals In addition to exploring the popular ways to gaining a recognised matric certificate outside the formal school system Homeschooling High School also challenges readers to rethink their values particularly the value they place on certification and to consider some unconventional or alternative paths to success In a clearly presented format the book includes advice on legal matters identifying appropriate courses sourcing study material tips on entrepreneurship financing tertiary studies and the testimonies of successful homeschooled graduates Homeschooling High School is a comprehensive guide to plotting a path through high school and beyond

**Confronting Oppressive Assessments** Walter S. Polka, John William McKenna, 2016-09-14 This book is about doing what's right for public education in the United States in this age of intensive curriculum convergence planned instructional standardization and oppressive accountability procedures Information is presented about why and how educators parents students community members and policy makers have decided to protest against current state and federal educational policies and procedures The practical experiences of parents teachers principals school superintendents school board members and professors are analyzed in chapters of this book Their first hand experiences with the various components of the current reform movement are poignantly presented Through their voices the frustrations with the serious flaws associated with this reform agenda are passionately and logically articulated They comprehensively explain their personal and professional motivations for organizing and fomenting a rethinking in school reform implementation procedures and they advocate their smarter approach to school reforms in our country The book includes key references that elucidate the need to seriously re think the directions and strategies of contemporary schooling in order to maintain enlightened creative instruction based on exciting student centered curriculum experiences and professional educational judgments

**Massive Open Online Courses and Higher Education** Rebecca Bennett, Mike Kent, 2017-04-21 Since the first MOOC was launched at the University of Manitoba in 2008 this new form of the massification of higher education has been a rollercoaster ride for the university sector The New York Times famously declared 2012 to be the year of the MOOC However by 2014 the number of academic leaders who believed the model was unsustainable doubled to more than 50% While the MOOC hype has somewhat subsided the attitudes and anxieties of this peak time can still be seen influencing universities and their administrations This is the first volume that addresses Massive Open Online Courses from a post MOOC perspective We move beyond the initial hype and revolutionary promises of the peak MOOC period and take a sober look at what endures in an area that is still rapidly growing albeit without the headlines This book explores the

future of the MOOC in higher education by examining what went right what went wrong and where to next for the massification of higher education and online learning and teaching The chapters in this collection address these questions from a wide variety of different backgrounds methodologies and regional perspectives They explore learner experiences the move towards course for credit innovative design transformations and implications of the MOOC in turn This book is valuable reading for students and academics interested in education eLearning globalisation and information services

**"Art, Sex and Eugenics "** Anthea Callen,2017-07-05 This book reveals how art and sex promoted the desire for the

genetically perfect body Its eight chapters demonstrate that before eugenics was stigmatized by the Holocaust and Western histories were sanitized of its prevalence a vast array of Western politicians physicians eugenic societies family leagues health associations laboratories and museums advocated through verbal and visual cultures the breeding of the master race Each chapter illustrates the uncanny resemblances between models of sexual management and the perfect eugenic body in America Britain France Communist Russia and Nazi Germany both before and after the Second World War Traced back to the eighteenth century anatomy lesson the perfect eugenic body is revealed as athletic hygienic pure blooded and sexually potent This paradigm is shown to have persisted as much during the Bolshevik sexual revolution as in democratic nations and fascist regimes Consistently posed naked these images were unashamedly exhibitionist and voyeuristic Despite stringent legislation against obscenity not only were these images commended for soliciting the spectator's gaze but also for motivating the spectator to act out their desire An examination of the counter archives of Maori and African Americans also exposes how biologically racist eugenics could be equally challenged by art Ultimately this book establishes that art inculcated procreative sex with the Corpus Delecti the delectable body healthy wholesome and sanctioned by eugenicists for improving the Western race
