The difference between racism and stratification?

Racism is the system that discriminates based on the idea that humans are distinct groups and those distinctions attribute to social behaviors. Think of stratification as a more general way of dividing individuals, for example caste system is a stratification system.

"Stratify means to separate.

Stratification - ranking system for groups of people that perpetuates unequal rewards and life chances in society (class system/ caste system)

Racism - when a person of power (white male) uses their position to act upon their discrimination

Social order is not a problem with mechanical solidarity... but what is social order?

we can solve the problem of social order by scientific means, focus on division of labor and efficiency. Social order comes from dividing work, creates more products for us to use → EFFICIENCY

o

What is bureaucracy?

system of government in which most of the important **decisions are made by state officials** rather than by elected representatives. Weber believed it to be good initially, but found that it lead to the "iron cage" that we couldn't escape from

PSA BUREAUCRACY IS HIERARCHICAL

What is the "iron cage"(WEBER) ?

It is caused by bureaucracy (HIERARCHY) and it's when the **hierarchy is too high and you're stuck at the bottom** of the pyramid, like an iron cage that you cannot escape the idea of being stuck in bureaucracy because the **system constantly reproduces itself → disenchantment**

What about Hierarchy? What is that?

>> its kind of like a food pyramid but of our values of the people in our society, we hold more value for certain people and they are at the top of the hierarchy (kings)

>>> Large hierarchical organization that is governed by formal rules and regulations that has clearly specified work tasks. —Newman

WHAT IS CASTE SYSTEM!?

- form of powerful stratification
- caste is given at birth, could not be changed
- Is it a rank/ status in hierarchy? >> similar to class location in our society except there is very little chance you will be able to change your caste, also there is much more discrimination between castes
- Caste is a form of social stratification characterized by endogamy, hereditary transmission of a lifestyle which often includes an occupation, status in a hierarchy, and customary social interaction and exclusion.
