Sociology James Henslin 11th Edition Questions:

Service Sociology and Academic Engagement in Social Problems A. Javier Treviño, Karen M.

McCormack, 2016-04-01 This book challenges sociologists and sociology students to think beyond the construction of social problems to tackle a central question: What do sociologists do with the analytic tools and academic skills afforded by their discipline to respond to social problems? Service Sociology posits that a central role of sociology is not simply to analyse and interpret social problems but to act in the world in an informed manner to ameliorate suffering and address the structural causes of these problems. This volume provides a unique contribution to this approach to sociology, exploring the intersection between its role as an academic discipline and its practice in the service of communities and people. With both contemporary and historical analyses, the book traces the legacy, characteristics, contours, and goals of the sociology of service, shedding light on its roots in early American sociology and its deep connections to activism. Before examining the social context that underlies the call for volunteerism, community involvement, and non-profit organisations, as well as the strategies that have promise in remedying contemporary social problems, the book presents examples of concrete social problems from around the world, including issues of democratic participation, poverty, and unemployment. Student involvement in micro-lending, disaster mitigation, the organization and leadership of social movements, homelessness, activism around HIV/AIDS, and service spring breaks are explored. Service Sociology and Academic Engagement in Social Problems explores the utility of public teaching, participatory action research, and service learning in the classroom as a contribution to the community.

Sociology: A Down to Earth Approach James M. Henslin, Adam M. Possamai, Alpha L. Possamai-Inesedy, Tim Marjoribanks, Katriona Elder, 2015-05-20 James Henslin has always been able to share the excitement of sociology with his acclaimed down-to-earth approach and personal writing style that highlight the sociology of everyday life and its relevance to students' lives. Adapted for students studying within Australia, this text, now in a second edition, has been made even more relevant and engaging to students. With wit, personal reflection, and illuminating examples, the local author team shares their passion for sociology, promotes sociology to students, and entices them to delve deeper into this exciting science. Six central themes run throughout this text: down-to-earth sociology, globalisation, cultural diversity, critical thinking, the new technology, and the growing influence of the mass media on our lives. These themes are especially useful for introducing the controversial topics that make studying sociology such a lively, exciting activity.

Reclaiming Class Vivyan Adair, Sandra Dahlberg, 2003-04-25 Reclaiming Class offers essays written by women who changed their lives through the pathway of higher education. Collected, they offer a powerful

testimony of the importance of higher learning as well as a critique of the programs designed to alleviate poverty and educational disparity The contributors explore the ideologies of welfare and American meritocracy that promise hope and autonomy on the one hand while also perpetuating economic obstacles and indebtedness on the other Divided into the three sections Reclaiming Class assesses the psychological familial and economic intersections of poverty and the educational process In the first section women who left poverty through higher education recall their negotiating the paths of college life to show how their experiences reveal the hidden paradoxes of education Section two presents first person narratives of students whose lives are shaped by their roles as poor mothers guardian siblings and daughters as well as the ways that race interacts with their poverty Chapters exploring financial aid and welfare policy battery and abuse and the social constructions of the poor woman finish the book Offering a comprehensive picture of how poor women access all levels of private and public institutions to achieve against great odds Reclaiming Class shows the workings of higher learning from the vantage point of those most subject to the vicissitudes of policy and reform agendas
