The Book of the Year Anthony F. Aveni, 2004-04-22

Halloween Valentine s Day Christmas Thanksgiving New Year s Day these are but a handful of modern holidays descended from the red letter days seasonal celebrations we have invented and reinvented over more than five millennia to meet our changing human needs When we explore their origins the holidays begin to reflect not only who we are but also why through oppressed by time and thwarted by the forces of nature we never seem to lose the will to control the future The Jewish

Concern for the Church Christine Graef, 2017-03-09 The voices of Messianic rabbis and believers have been collected in this volume to share concerns about the gap that remains between Jews and the church For the past fifteen centuries the church has been predominantly Gentile Jews of faith were not considered Jews but as converted Today as Messianic congregations multiply and church denominations try to find their way back to the original principles of the early church the church is challenged to repair this relationship deepen its understanding of the apostles vision of one new man and be edified by the meaning in appointed observances that extended to graft in the wild olive branches For he himself is our peace who has made the two groups one and has destroyed the barrier the dividing wall of hostility Eph 2 14

Aristarchos of Samos, the Polymath Alberto G. Gomez, 2013 Of all the giants on whose shoulders we stand Aristarchos of Samos the ancient Greek all rounder has proved especially tall no one else not even Einstein to mention an iconic figure has ever discovered anything of like importance that took so long to dawn on the rest of humanity His achievement was indeed extraordinary with the technological means available in his time namely the naked eye and a genius mind he got to know the sun s distance better than anyone else before putting the earth in motion around the sun for the first time in human awareness The present book examines what history has spared of him and invites the reader to relive astronomy s greatest moment **New**
