

Hyperbole poem

Great exaggerations

I have a backpack, it's so heavy,
Filled with books, it feels like a rock, maybe!
It's really, really heavy, hard to carry,
Dragging it around makes me feel tired.

My teacher's voice, it's super loud,
When she speaks, it feels like a big, booming crowd!
Her words are like a lion's mighty roar,
I can hear them echo from door to door.

My hunger, oh, it's like a never-ending hole,
I could eat so much, it's out of control!
I gobble up cookies at an amazing speed,
My appetite is always in great need.

The playground slide, it's really tall,
Climbing up feels like a long, long fall!
When I slide down, it feels like I'm flying,

Making the Match Teri S. Lesesne,2003 Explains how teachers and librarians can steer students to the literature they love by focusing on three key areas knowing the readers knowing the books and knowing the strategies to motivate students to read **The Art of Marvell's Poetry** J. B. Leishman,2021-10-29 First Published in 1966 The Art of Marvell s Poetry presents J B Leishman s appreciation of Andrew Marvell s poems by demonstrating a sensitive understanding of attitudes peculiar to the seventeenth century and to Marvell Leishman calls Marvell an inveterate imitator and experimenter His success depended on originality of combination rather than originality of invention But while such phrases as Musick the Mosaique of the Air Desarts of vast Eternity and a green Thought in a green shade were certainly inspired by others they are distinctively and unquestionably Marvell s own Marvell s poetry is shown to be the work of a man living at a certain moment in history it is poetry which could not have been written at any other time and its affinities to the work of contemporary poets are clearly demonstrated The Art of Marvell s Poetry is a must read for scholars and researchers of English poetry English literature and European literature Sign Language Roland Pfau,Markus Steinbach,Bencie Woll,2012-08-31 Sign language linguists show here that all questions relevant to the linguistic investigation of spoken languages can be asked about sign languages Conversely questions that sign language linguists consider even if spoken language researchers have not asked them yet should also be asked of spoken languages The HSK handbook Sign Language aims to provide a concise and comprehensive overview of the state of the art in sign language linguistics It includes 44 chapters written by leading researchers in the field that address issues in language typology sign language grammar psycholinguistics neurolinguistics sociolinguistics and language documentation and transcription Crucially all topics are presented in a way that makes them accessible to linguists who are not familiar with sign language linguistics
