

➤ Numerical reasoning test

Companies use numerical reasoning tests to assess a candidate's ability to work with numbers. They are often used in recruitment for roles in finance, engineering, and other fields that require strong numerical skills. The tests typically involve a series of questions that require the candidate to interpret and analyze numerical data, such as graphs, tables, and text.

➤ Word reasoning

Word reasoning tests are used to assess a candidate's ability to understand and use words in context. They are often used in recruitment for roles in law, education, and other fields that require strong verbal skills. The tests typically involve a series of questions that require the candidate to identify the meaning of words, understand the relationships between words, and use words in context.
