## **Questcequun Peuple Libre Essai Franccedilais:**

**Qu'est-ce-qu'un peuple libre?** Alain Renaut, 2005-10-19 A l heure où le débat politique fait de nouveau référence avec insistance mais aussi avec confusion la liberté du peuple souverain il redevient indispensable de se demander ce qui fait précisément qu'un peuple peut se penser comme libre La liberté d'un peuple se mesure toutefois par les droits des individus qui le composent se trouvent protégés Ou bien devons-nous considérer que un peuple libre est aussi voire surtout un peuple dont les vertus civiques sont suffisantes pour soutenir la participation des citoyens à la vie publique Deux modèles hantent ainsi notre imaginaire démocratique celui du libéralisme politique celui du républicanisme Sont-ils incompatibles Peuvent-ils s'articuler et quelles conditions leur sont nécessaires Cet essai, à la fois historique et critique, entreprend de reconstruire la logique interne de ce doublement qui dans les actuelles divisions de notre vie politique joue un rôle de plus en plus déterminant au point de subvertir les anciens clivages entre gauche et droite ou entre progressisme et conservatisme

### **Critical Republicanism**

Cécile Laborde, 2008-10-09 The first comprehensive analysis of the philosophical issues raised by the hijab controversy in France this book also conducts a dialogue between contemporary Anglo-American and French political theory and defends a progressive republican solution to so-called multicultural conflicts in contemporary societies It critically assesses the official republican philosophy of laïcité which purported to justify the 2004 ban on religious signs in schools Laïcité is shown to encompass a comprehensive theory of republican citizenship centered on three ideals equality, secular neutrality of the public sphere, liberty, individual autonomy and emancipation, and fraternity/civic loyalty to the community of citizens Challenging official interpretations of laïcité the book then puts forward a critical republicanism which does not support the hijab ban yet upholds a revised interpretation of three central republican commitments secularism, non-domination, and civic solidarity Thus it articulates a version of secularism which squarely addresses the problem of status quo bias the fact that Western societies are historically not neutral towards all religions It also defends a vision of female emancipation which rejects the coercive paternalism inherent in the regulation of religious dress yet does not leave individuals unaided in the face of religious and secular patriarchal and ethnocentric domination Finally the book outlines a theory of immigrant integration which places the burden of civic integration on basic socio-political institutions rather than on citizens themselves Critical republicanism proposes an entirely new approach to the management of religious and cultural pluralism centred on the pursuit of the progressive ideal of non-domination in existing non-ideal societies Oxford Political Theory presents the best new work in contemporary political theory It is intended to be broad in scope including original contributions to political philosophy and also work in applied political theory The series will contain works of outstanding quality with no restriction as to approach or subject matter Series Editors Will Kymlicka, David Miller, and Alan Ryan
