Point And Shoot A Charlie Hardie:

Point and Shoot Duane Swierczynski, 2024-09-24 An excessive and delirious thriller about an ex cop's entertaining struggles with the killer cabal known as the Accident People Los Angeles Times Charlie Hardie finds himself in a steel box tubes and wires attached to his body trapped inside a satellite parked in orbit 500 miles above the Earth He's got a year's supply of food air water and no communication back to Earth and must complete his twelve months duty or his wife and son will have an accident But when someone all too familiar docks on the satellite informs Hardie he's sitting in a veritable zero G vault containing the world's most dangerous secrets and forces a crash landing in the middle of the Pacific Ocean Hardie must decide whether he's come face to face with the partner he needs to save his family or with his nemesis After years of exile Hardie's arming up and heading home Frenetic prose Readers are in for a wild and immensely enjoyable ride Publishers Weekly The action sequences are killer I could easily see these books as a major summer blockbuster Wired.com A much needed breath of fresh air in the book world 1 New York Times bestselling author Michael Connelly Swierczynski's writing crackles with fresh attitude Kirkus Reviews

Fun and Games Duane Swierczynski, 2011-06-20 The first of three explosive pulp thrillers arriving back to back from cult crime fiction sensation and Marvel Comics scribe Duane Swierczynski Charlie Hardie an ex cop still reeling from the revenge killing of his former partner's entire family fears one thing above all else that he'll suffer the same fate Languishing in self imposed exile Hardie has become a glorified house sitter His latest gig comes replete with an illegally squatting B movie actress who rants about hit men who specialize in making deaths look like accidents Unfortunately it's the real deal Hardie finds himself squared off against a small army of the most lethal men in the world The Accident People It's nothing personal the girl just happens to be the next name on their list For Hardie though it's intensely personal He's not about to let more innocent people die Not on his watch

Hell and Gone Duane Swierczynski, 2024-09-24 Frenetic and breathless Those waiting for the payoff promised will feel amply rewarded by the end of this thriller about an ex cop taken prisoner Publishers Weekly starred review Left for dead after an epic shootout that blew the lid off a billion dollar conspiracy ex cop Charlie Hardie quickly realizes that when you're dealing with The Accident People things can get worse Drugged bound and transported by strange operatives of unknown origin Hardie awakens to find himself captive in a secret prison that houses the most dangerous criminals on earth And then things get really bad Because this isn't just any prison It's a Kafkaesque nightmare that comes springloaded with a brutal catch 22 Hardie's the warden And any attempt to escape triggers a death mechanism that will kill everyone down here including a group of innocent guards Faced with an unworkable paradox and knowing that his wife and son could be next on the Accident People's hit list Hardie has only one choice fight his way to the heart of this hell hole and make a deal with the Devil himself Charlie's internal voice is fun to follow and the action sequences are killer If nonstop cool action sequences with fun characters are your thing you need to read some Swierczynski stories Wired.com Nail biting suspense ample twists and a crackling

narrative style Kirkus Reviews The compelling premise pulls all our paranoid strings and Swierczynski like a mad scientist twirling dials ratchets the tension ever tighter Booklist Canary Duane Swierczynski,2015-02-24 It s dangerous enough when an ordinary college girl turns confidential informant Even more dangerous when she s smarter than the killer kingpins and cops who think they control her Honors student Sarie Holland is busted by the local police while doing a favor for her boyfriend Unwilling to betray him but desperate to avoid destroying her future Sarie has no choice but to become a CI a confidential informant Philly narcotics cop Ben Wildey is hungry for a career making bust The detective thinks he s found the key in Sarie her boyfriend scores from a mid level dealer with alleged ties to the major drug gangs Sarie turns out to be the perfect CI a quick study with a shockingly keen understanding of the criminal mind But Wildey desperate for results pushes too hard and inadvertently sends the nineteen year old into a death trap leaving Sarie hunted by crooked cops and killers alike with nothing to save her except what she s learned during her harrowing weeks as an informant Which is bad news for the police and the underworld Because when it comes to payback CI 1373 turns out to be a very quick study American Noir Barry Forshaw,2017-04-27 The word Noir is used here in its loosest sense every major living American writer is considered including the giants Harlan Coben Patricia Cornwell James Lee Burke James Ellroy and Sara Paretsky as well as non crime writers such as Stephen King who stray into the genre often through a concentration on one or two key books Many exciting new talents are highlighted and Barry Forshaw s knowledge of and personal acquaintance with many of the writers grants valuable insights into this massively popular field But the crime genre is as much about films and TV as it is about books and this book is a celebration of the former as well as the latter American television crime drama in particular is enjoying a new golden age and all of the important current series are covered here as well as key important recent films
