## STORY

Growing up in Pallet Town, you spend a lot of time playing with your next door neighbor. But lately he has become a bully and no longer wants to play with you. He even thinks of you as a threat.

After the two of you stopped playing together you become very interested in Pokémon. One day you decide to go in search of Pokémon, but just as you are leaving Pallet Town, you hear a voice...

"Hey! Don't go into the forest!" It's Professor Oak, the famous Pokémon expert! "There are Wild Pokémon living in there," he says.

This is the Yellow version of Pokémon. There are other versions, too. The differences between the versions are the types and probability of Pokémon appearances.

To complete your collection you will need to trade with a friend who has another version.

"They can be very dangerous. However if you possess trained Pokémon, you can let them fight the wild ones. Come to my laboratory, and I'll let you see."

When you get to the lab, you find your former friend there too. "You've decided to find that he is Professor Oak's grandson? I have prepared a Pokémon for you," says the Professor. "Now that you have a Pokémon, the road is up to you..."
