extremely difficult expensive and demand high levels of technical scientific and physiological achievement One should recall for example that Alaskan oil investment only became economically viable after the 1973 1974 price explosion Recent political military troubles in the Gulf have increased interest in the development of polar resources This conference is unique as it is the first time that medical and technical specialists interested in the problem of diving in arctic conditions have met in an international forum Development of the arctic resources is a matter of international urgency and it pleases me that scientists from the USA Canada the USSR Australia and Europe have gathered here in Stockholm to present their experience and to discuss problems in this field

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
