How to Get a 4.0 Gpa in Medical School - No Matter What Your MCAT Score Or College Gpa Cesar Orellana, Anna Orellana, 2009-01-01 To Current and Future Medical Students Who Will Settle For Nothing Less Than a 4 0 GPA This is a realistic clear and definitive BLUE PRINT that will allow you to achieve whatever academic success impact or recognition you desire This system is not based on theory or guess work It is based on hands on personal experiences documented while Anna and I were elbow deep in the trenches of our first two years of medical school This system is about getting you on track to your absolute highest GPA in 3 days or less faster and easier than ever before It is about doing it in a way that is more certain and more secure than you ever thought possible It is about doing it without the need to use caffeine Red Bull R Monster R or other ineffective quick fixes for mental exhaustion It is about doing all this and enjoying an infinitely better lifestyle too But first I want you to be

very clear about a couple of things We did not even apply to US or Canadian medical schools because our unremarkable college GPA and MCAT R scores made garnering admission to any one of them statistically impossible Also we did our first two years of medicine in a country that you have likely never heard of So if you think taking advice from future international medical graduates like us is bad idea then NO this system is not for you Do not read on On the other hand if you would like to know how a couple of regular students attained a perfect grade point average in medical school and competed at the top 5% of their class of 350 highly talented individuals then YES this program is for you If you would like to learn and be able to apply the same study strategies secrets and tips that allowed us to hold our own against the National Board of Medical Examiners we scored 97 and 99 on USMLE R Step 1 respectively well above the mean score attained by test takers from US and Canadian medical schools then YES this system is absolutely for you If you want to enjoy maximum success security independence and prosperity in medical school then this might be the most rewarding information you will ever read Because in it two formerly frustrated college students reveal the simple system that immunized them to failure catapulted them to the top of their class in medical school and can do the same for you Sincerely Cesar and Anna Orellana PS This is a complete course which includes this 160 page step by step manual a 1 hour and 45 minute quick start video a web based software application designed by medical students and 2 bonus reports
